**Subject:** Icebreaker - OPSB Case No. 16-1871-EL-BGN

Dear Chairman Sam Randazzo and Ohio Power Sitting Board,

On July 29, 2020 members of the Ohio General Assembly from Northeast Ohio wrote a letter to object to recent Order in the Icebreaker case.

Is strongly object to their position and to this Project. This project if run at nighttime poses a significant risk to wildlife, birds and migration if they operate in location as planned.

In addition, the project will be an eyesore for the shores of Lake Erie and the residents of population centers of Lakewood and Rocky River who will be impacted the most. It is easy for the members of the Ohio General Assembly who do not reside or have to look at the wind farm on a daily basis to support the project. This is a NIMBY objection.

Thank you for listening and your consideration.

Kindest regards,  
George Stevens  
17883 Lake Road, Lakewood, Ohio
