Subject: Please uphold the turbine feathering requirement!

Hi:

I am a citizen of Halfmoon Township in Centre County PA.

I care about birds and pollinators.

I have a one-half acre pollinator garden that is certified as a pollinator garden by Master Gardeners and it is also a certified bird garden by Audubon.

I care a LOT about birds and insects and wildlife. So much, that I put my money where my mouth is.

I am writing to you to PLEASE uphold the turbine feathering requirement to protect (or help protect as much as possible) our bird populations during their migratory flights.

PLEASE help us keep the beautiful nature that God has given us and learn from nature and protect nature. It is not sound stewardship to knowingly harm nature when we are capable of doing better. The turbines on wind power can be thoughtfully feathered to help prevent the slaughter of innocent beautiful birds.

Please uphold the turbine feathering requirement!

Stay healthy,
Ann Echols
