Subject: Wind Turbines in a IBA

I ask for you to keep the birds safe from wind turbines. The fly way that goes through Ohio is an important bird area and wind turbines would decimate migrating birds. I am all for wind energy but not in the IBA in Ohio. Find another area to put them up, Ohio is a big state they don't have to go there. I spend a lot of money in Northern Ohio during the spring and fall migration and if there are only turbines and no birds, I won't be spending any money touring Ohio. Please keep the birds safe!

Thank you!

Mary Lou Briner
Lewis Center, Ohio
