Subject: Fwd: WA state utility questions efficacy of wind farms for power generation.

Board,

Here is a quote from the disillusioned wind energy customer profiled in the forwarded article:
"We are continuing to sound the alarm regarding the unacceptably high risk of power grid blackouts in the Pacific Northwest being precipitated by overly aggressive clean energy policies and deepening dependence on wind power to replace retiring coal plants," the commissioners say in a news release.
"Benton PUD"

Jack Joyce
