Case: Yellowbud Solar

Case Number: 20-0972-EL-BGN

Dear Mr. Settineri:

This letter is to inform you that the above referenced application, filed with the Ohio Power Siting Board (Board) on July 21, 2020 and supplemented on August 28, 2020, has been found to comply with Chapters 4906-01, et seq., of the Ohio Administrative Code (Ohio Adm.Code). This means the Board's staff (Staff) has received sufficient information to begin its review of this application. During the course of its investigation, please be advised that Staff will require additional information to be provided to Staff and placed in the record to ensure Staff can continue to conduct its review of the application, including but not limited to:

- Final concurrence from the Ohio Historic Preservation Office (OHPO) on specific avoidance or mitigation measures for impacts from the project on archaeological and historic/architectural sites as outlined in OHPO's letters to the applicant's cultural resources consultant dated August 5 and August 25, 2020.

Failure to promptly and completely respond to Staff may result in an inability of Staff to file a fully investigated Staff Report of Investigation to the Board. Pursuant to Board rules, the certified application and supplements must now be filed with the Board in accordance with the provisions of Ohio Adm.Code 4906-3-06 and 4906-3-07. In summary form, these rules require:

1. Serving copies of the certified application upon appropriate government officials and public agencies. In this regard, please inform these officials in writing that if they wish to intervene in the proceeding they must file a notice of intervention with the Board within thirty days of being served a copy of the application.
2. Filing Proof of Service with the Board.

Upon completion of these requirements, you will be notified of the effective date of filing and the date and location of the public hearing.
