Dear Chairman Randazzo and OPSB Members,

As I have already submitted, these form letters are Apex's desperate, last ditch effort to try to drum up support for the Emerson Creek Wind Project!

A person does not even have to live in the state of Ohio to submit this "testimony of support." They don't even have to put their real name or address...or any address at all!

Please let Apex know that you are on to their deceitful tactics by dismissing these form letters, and not allowing them to be a part of any evidence during the Emerson Creek Adjudicatory Hearing.

Respectfully,

Krista Beck

Misleading and Deceptive! Apex has told residents many times that the energy will be shipped out of state! It does not benefit any Ohioan!

Tell the OPSB you support Emerson Creek Wind!

Emerson Creek Wind promises to bring a significant economic boost to all of Ohio, while generating clean, domestic energy to supply our state's growing needs.

The Ohio State Siting Board (OSPB) is taking public feedback about the project as it considers whether to issue Emerson Creek Wind a permit. Use this form to file your support with the OPSB today!

You don't even have to live in the state of Ohio!
