**Re: Case No. 20-1362-EL-BGN, In the Matter of the Application of Clearview Solar I, LLC for a Certificate of Environmental Compatibility and Public Need to Construct a Solar-Powered Electric Generation Facility in Champaign County, Ohio.**

**Proofs of Publication for Public Information Meetings**

Dear Ms. Troupe:

Attached please find a copy of the proofs of publication indicating that the notices of the public information meetings were published in the *Bellefontaine Examiner*, the *Urbana Daily Citizen*, and the *Sidney Daily News*, newspapers of general circulation in the project area.

The virtual public information meetings will be held from 6:00 p.m. to 8:00 p.m., on Tuesday, October 6, 2020, and Thursday, October 8, 2020.

Respectfully submitted,

/s/ Christine M.T. Pirik

■ OBITUARIES

Willy Frederick Keykens

Willy Frederick Keykens, of Sidney, went home to be with his Lord and Savior, on Tuesday, Sept. 15, 2020. He was 91 years old.

Willy was born in Borgerhout, Belgium, on May 3, 1929, to the late Frederick and Christina Geluykens Keykens. He was married to Maria VanWelt Keykens in August 1953, and she tragically passed in an auto accident during their immigration journey to the United States in 1959.

On February 22, 2006, he married the former Ivolene Hicks, and she survives. Also surviving are son Victor (Sheila) Keykens, daughter Josephine Keykens, and step-daughter Beth (Don) Slaven; numerous grandchildren, great-grandchildren, nieces, nephews, great nieces and great nephews; and sister Joanna Butcher. He was preceded in death by brothers Victor, Alfonse, Amiel and Henrie; and sisters Josephine and Lisette.

Mr. Keykens was a trusted and well-known, self-employed contractor in the Indian Lake area for over 50 years. He was a member of the Nazarene Church of Indian Lake, and completed several missions trips to the Dominican Republic, Trinidad and Haiti, where he loved helping the people in those countries.

He was a very talented artist, a prankster, and loved sharing stories about his beloved Belgium and his family. Willy visited his homeland only two times during his residency in the United States, and enjoyed sharing his native language (Flemish) with his family. He absolutely loved castles, and had the joy of owning The Bonnyconnellan Castle in Sidney for a short period of time, with the hopes of restoring it to its natural beauty. Unfortunately, it was cost prohibitive.

Visitation will be Friday, Sept. 18, from 4 to 6 p.m. with a service immediately following, at Cromes-Edwards Funeral Home, Sidney. Pastor Stephen Smitley from The Valley Church, will be officiating. Guestbook condolences may be expressed to Willy's family at the [www.cromesfh.com](http://www.cromesfh.com).

Janice Marie Mattox

Janice Marie Mattox, 57, of Sidney, passed away Sunday afternoon, Sept. 13, 2020, at the James Cancer Hospital at The Ohio State University.

Janice was born in Bellefontaine on May 24, 1963, to the late Lloyd E. Skaggs and Shirley May (Shields) Skaggs.

Janice is survived by her husband Michael Mattox, of Sidney, whom she married on Feb. 8, 1992. She is also survived by sons: Frank (Emily) Dick III of Bellefontaine, Jason Dick of Barbourville, Ky., and Jeremy (Patricia) Dick of Bellefontaine; 13 grandchildren; one great-grandson; siblings: Patricia Losey of Bellefontaine, Gerald (Carline) Skaggs of DeGraff, Greg Skaggs of Bellefontaine, Jeff (Eva) Skaggs of Huntsville, and Lori Ann Cummins of Bellefontaine; and several nieces and nephews.

Janice was a homemaker and had previously attended Bellefontaine First Church of God. She loved her country music and enjoyed dancing. Janice was a member of the Eagles. She also loved to cook for her family.

Friends may call at the Eichholtz Daring & Sanford Funeral Home & Cremation Center, Bellefontaine, on Sunday, Sept. 20, from 2 to 4 p.m., where Pastor Ray Headings will officiate Janice's funeral at 4 p.m. Due to current pandemic orders, please be symptom-free, practice social distancing, and consider wearing a mask.

Eichholtz Daring & Sanford Funeral Home & Cremation Center, Bellefontaine, is honored to serve the Mattox family and encourages anyone to share a fond memory or message of condolence at [www.edsfh.com](http://www.edsfh.com).

■ LOGAN COUNTY BEAT  
SHERIFF & HIGHWAY PATROL

Parolee charged with possession of drugs

Kelly J. Kaeck, 54, of 316 W. Miami St., Apt. 2, DeGraff, was charged with possession of drugs Tuesday after deputies of the Logan County Sheriff's Office assisted Adult Parole Authority officers with serving her with outstanding warrants and a charge of violating the terms of her probation.

Deputies and Adult Parole Authority officers responded to the residence about 10:10 a.m. and reportedly knocked at the doors of the residence for about 30 minutes before Kaeck's husband exited the home.

Kaecck was located at the residence, and deputies and officers searched for contraband at the home, locating three fabricated smoking devices, along with straws and a plate with suspected methamphetamine residue.

In addition, they found a pill bottle without a label and a rifle and ammunition underneath her son's bed, which was seized because it was not locked in a metal safe or vault, as required by the terms of her parole.

Authorities interviewed the defendant, who admitted to ingesting crystalized methamphetamine around midnight or 1 a.m. She was placed under

arrest and transported to the Logan County Jail.

Driver cited in hit-skip crash

Ryan A. Conaway, 40, of Cridersville, was cited for leaving the scene of a crash and failure to control related to a crash early Sunday morning.

Deputies report he was operating a westbound car on State Route 273 near County Road 97 about 12:45 a.m. when he traveled off the right side of the road, striking a utility pole. Damage was heavy to the car.

Deputies said the driver was gone upon their arrival and a small amount of blood was located inside the vehicle. In addition, deputies located two unopened cans of an alcoholic beverage outside of the vehicle inside a bag.

BMRT, Richland Township Fire Department and the Bellefontaine Fire Department also assisted at the scene.

Later that day, Conaway told deputies that he lost his cell phone in the crash and he waited for someone to drive by, and then he walked to the Village Pantry to call for a ride. He told deputies he was not drinking alcohol on the night of the crash and also said he had not been injured.

■ BELLEFONTAINE BEAT  
POLICE & FIRE

Resident report burglary attempt

Larry L. Piatt III, 332 S. Detroit St., Apt. C, reported Tuesday he heard two loud bangs outside his residence around 6 a.m.

He went to his door and found it had damage. Officers of the Bellefontaine Police Department

report the door frame had damage consistent with it being struck.

Summons served

Jeremy N. Thornhill, 20, of 308 S. Madriver St., was served Tuesday with a Bellefontaine Municipal Court summons for persistent disorderly conduct.

MRH

Continued from Page 1

"With the opening of the Level II Cath Lab at Mary Rutan Hospital, we can diagnose and treat acute blockages in the coronary artery on-site, which gives the community increased access to potentially life-saving care. We now have the team and the technology to get this done quickly and without having to transfer the patient to another facility."

Board Certified Interventional Cardiologists Dr. Lou Vadlamani and Dr. John Fry lead the cardiovascular team of trained interventional nurses and technologists at Mary Rutan Hospital.

The new team approach integrates EMS, emergency department, cardiac catheterization lab and critical care services to provide efficient and effective responses to local cardiac emergencies.

"Achieving a Level II Cath Lab certification is a major step forward in the growth of our cardiovascular care," said

Michael Hoehn, Mary Rutan Hospital director of cardiology. "With cardiologists available 24/7, we can respond quickly to patient needs for cardiac studies and interventional procedures, and our advanced technology will provide our cardiologists the in-lab imaging and diagnostic capabilities needed for today's complex treatments."

Symptoms of a heart attack include chest pain, shortness of breath, pain or discomfort in the upper body, nausea, lightheadedness, and cold sweats. Individuals experiencing these symptoms should seek emergency medical care as quickly as possible.

Patients who seek heart attack treatment at Mary Rutan Hospital will now be cared for by a 24/7 heart and vascular team specially trained to perform cardiac interventions.

For more information on Mary Rutan Hospital, visit [www.maryrutan.org](http://www.maryrutan.org).

Notice of Public Information Meeting for Proposed Major Utility Facility

Clearview Solar I, LLC, a wholly-owned subsidiary of Open Road Renewables, LLC and MAP Energy, LLC, scheduled a Tuesday, October 6, 2020, virtual public informational meeting to outline plans to build the Clearview Solar Project, a solar-powered generation facility located in Adams Township, Champaign County, Ohio. The facility will be sited on approximately 1,060 acres and have a maximum total generating capacity of up to 144 megawatts. The purpose of the facility is to generate on-peak electricity to deliver to the Dayton Power & Light transmission system in Ohio. Construction is anticipated to begin as early as fourth quarter 2022, resulting in commercial operations in fourth quarter 2023. A map showing the general outline of the project and location of the project area is below.

On Tuesday, October 6, 2020, from 6 p.m. to 8 p.m., Clearview Solar will host a public information meeting that will be virtual and will consist of a presentation about the proposed facility and approval process, as well as a live web/phone question and answer (Q&A) session on the project. This live Q&A session is being held in accordance with Rule 4906-3-03 of the Ohio Administrative Code, and the Ohio Power Siting Board's entry issued on August 19, 2020, in Case No. 20-1362-EL-BGN. To access the live web/phone public information meeting and Q&A session on Tuesday, October 6, 2020, attendees must register in advance online at the following link: <https://attendee.gotowebinar.com/register/1572161299594049036> Webinar ID number is 468-308-187. To access the webinar, participants must log in using their unique participant link and/or audio PIN that will be sent to them upon registration.

In addition to the public information meeting and Q&A session on October 6, 2020, Clearview Solar will be holding a telephone-only public information meeting and Q&A session on Thursday October 8, 2020, from 6 p.m. to 8 p.m., in order to provide the public another opportunity to become informed about the Clearview Solar Project and ask questions. To participate in the October 8, 2020 telephone meeting, attendees will call toll free +1 (877) 309-2073 and use access code 553-054-397. No advance registration is necessary. If participants would like a printed handout of the presentation mailed to them to follow along with the audio-only presentation, hard copies can be requested by contacting Clearview Solar at (512) 524-1195 or at [clearview@openroadrenewables.com](mailto:clearview@openroadrenewables.com) at least one week in advance (by October 1).

After the public information meetings are held, a recorded presentation about the Clearview Solar Project will be posted on Clearview Solar's website ([www.clearviewsolarproject.com](http://www.clearviewsolarproject.com)) and Facebook page (<https://www.facebook.com/Clearview-Solar-Project-101347974960171>) for viewing by the public at their convenience. Hard copies of the presentation will also be available upon request by contacting the Clearview Solar development team at 512-524-1195 or [clearview@openroadrenewables.com](mailto:clearview@openroadrenewables.com).

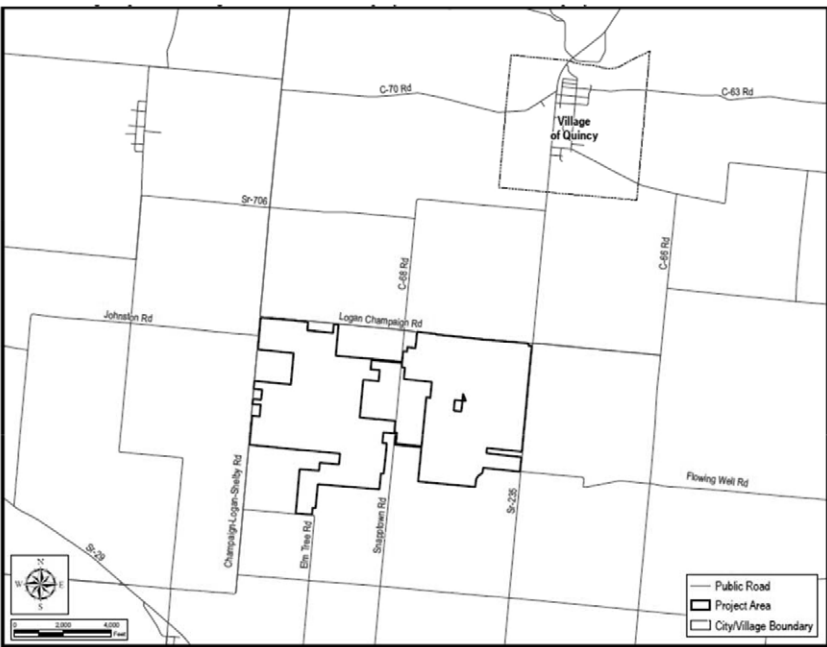

For additional information on how to access the live Q&A by either computer or phone, contact the Clearview Solar team via the addresses or telephone number listed above. If you are unable to access the virtual public information meeting via the internet and would like to receive a copy of the presentation, contact Clearview Solar at the addresses or telephone number listed above.

Clearview Solar anticipates filing its application with the Ohio Power Siting Board (OPSB) within 90 days of the live web/phone Q&A session. OPSB's case number for the project is 20-1362-EL-BGN and the filings made with the OPSB in the Clearview Solar case can be viewed at <http://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=20-1362&x=0&y=0>.

Upon the receipt of the application, OPSB will review the application to determine if it is complete so OPSB staff can begin its investigation. Should OPSB find the application complete, OPSB will set a date for public hearing, not less than 60 nor more than 90 days after such finding. The public hearing consists of two parts: a public hearing where OPSB will accept written or oral testimony and an adjudicatory hearing. 15 days prior to the public hearing, OPSB's staff will submit a written report on the project.

OPSB accepts written comments on the project from interested persons at any time, as well as written or oral testimony from any person at the public hearing. Petitions to intervene in the adjudicatory hearing will be accepted by OPSB in accordance with a deadline set by OPSB. To request notification of the public hearing or submit comments in the docket contact OPSB at 180 E. Broad St., Columbus, OH 43215, 1-866-270-6772, or contact OPSB at [puc.state.oh.us](http://dis.puc.state.oh.us). Petitions to intervene should be addressed to Docketing Division, the Ohio Power Siting Board, 180 E. Broad St., Columbus, OH 43215 or can be electronically filed. All correspondence and petitions to intervene must include reference to Case No. 20-1362-EL-BGN.

THEIR VIEW

# Schools and families need support

The school year is underway across our state, and over and over I hear the same thing from parents, students, teachers, and community leaders: people feel like they’ve been abandoned. And they’re right.

Senate Leader McConnell and President Trump have left parents, students, and teachers to fend for themselves in the middle of a national crisis.

School districts don’t have clear guidance from the federal government on when and how it’s safe to open schools in person. They don’t have the resources needed to either invest in new technology, professional development, or additional staff for virtual learning. And they don’t have the funds to purchase new safety equipment or cleaning supplies, or the resources to secure extra space for social distancing or outdoor learning.

Parents are under unbearable stress. Teachers are doing their best, while worried for their own health and worried about their students. And the achievement gap is getting worse because of this pandemic.

The federal government could be doing so much more to support schools and families. The House passed a bill almost four months ago that would have given Ohio schools and local governments the dedicated resources they need to prepare for the school year.

We need to pass a real relief bill that includes that funding – and that gives Ohio communities the flexibility they need to respond to local conditions. Leader McConnell’s bill wasn’t a real

**U.S. Sen. Sherrod Brown**  
Contributing columnist

plan at all – it tied support for K-12 education to in-person education. Schools should be able to base their decisions on science and the best public health expertise, not President Trump’s and Leader McConnell’s political agenda. And their plan furthered Secretary of Education, Betsy DeVos’ school privatization plan that would undermine public education.

Their plan also didn’t have any funding for Ohio communities at all. We know what’s happening to local budgets and Ohio’s state budget – the bottom is falling out.

We also know the challenges that caregivers are facing – and that doesn’t just include parents. We know how many grandparents and other relatives are caring for children in Ohio. In fact, Sunday, September 12 was National Grandparents Day and the month of September is Kinship Caregiver Awareness Month.

They’re facing unique challenges this school year that are made worse by Republicans’ failure to pass a relief bill. That’s why I introduced the Child Welfare Emergency Assistance Act to provide specific emergency aid to kinship caregivers in Ohio.

Ohio families, young people, educators, and communities should not be forced to fend for themselves in a crisis. Leader McConnell and President Trump need to let us do our jobs, and pass a real relief bill that meets this moment.

Democrat Sherrod Brown represents Ohio in the U.S. Senate.

# Restaurant holds fundraiser for local animal shelter

Staff report

The Champaign County Animal Welfare League is to receive 10% of the cost of food purchased noon-9 p.m. Sunday, Sept. 27, at Texas Roadhouse, 1750 N. Bechtle Ave., Springfield.

For the animal shelter/rescue to receive the restaurant’s donation, present the Dine To Donate flier found on the CCAWL Facebook page.

Information provided by the Champaign County Animal Welfare League.

# Imposes

From page 1

“may be needed for longer than that.” She said she hoped it would be less than six months.

The new restrictions outlined by Johnson are less stringent than the nationwide lockdown imposed in March, which confined most of the population and closed most businesses. Britain eased its lockdown starting in June as cases began to fall, but that trend has now been reversed.

The prime minister said if the new curbs did not slow the outbreak, “we reserve the right to deploy greater firepower, with significantly greater restrictions.”

Still, some lawmakers from Johnson’s governing Conservative Party are uneasy about tightening restrictions on business and daily life, citing the impact on Britain’s already-reeling economy.

To persuade people

to stay home if they test positive for the virus, the government announced it would pay low-income workers 500 pounds (\$639) if they are told to self-isolate for 14 days.

Businesses, especially in the areas of hospitality, sports and the arts, said they urgently needed support, too.

Kate Nicholls, chief executive of trade body UKHospitality, said before the announcement that the restrictions would be “another crushing blow” for many businesses.

But most epidemiologists believe more restrictions are again necessary and even worry that the government’s plans may not go far enough.

Polls suggest a majority of people in Britain support lockdown measures to contain the virus. But they also show that trust in the Conservative government’s handling of the pandemic has declined after troubles with testing, mixed messages on reopening and the U.K.’s high death toll.

Britain has the highest confirmed virus death toll in Europe, at 41,877 deaths, according to a tally by Johns Hopkins University. Experts say all such tallies underestimate the true number of deaths.

While ministers tout the record numbers of tests being performed, there are widespread reports of people having to travel hundreds of miles for tests or tests being voided because it’s taking labs too long to process them.

An app meant to bolster contact-tracing efforts is to be released this week after months of delay.

Jennifer Cole, a biological anthropologist at Royal Holloway University, said people’s behavior is “the biggest influence” on the spread of the virus.

“In essence, the government is saying, ‘Stay sober, stay sensible and the venues can stay open.’ It’s a carrot to encourage responsible behavior,” she said.

# Tour

From page 1

as a venue for monthly concerts sponsored by the CCPA. In addition, monies are returned to the county in the form of the annual matching façade grant program. This program recognizes and supports residential and business owners completing façade preservations to their homes or businesses.

To continue to provide these grants well into the future, the CCPA conducts several fundraisers, including the Historic Home & Garden Tour, which showcases homes in Champaign County for their historic architecture and design, and beautiful gardens. Any funds raised by the 2020 Cemetery Tour will be put toward the annual façade grant program to help the CCPA continue to preserve Champaign

County’s rich history.

The CCPA expresses appreciation to the city of Urbana, the Oak Dale Cemetery Board, and Bob Jumper and his crew at the Oak Dale Cemetery for their willingness to help organize and volunteer for this event.

To become a member of the CCPA or to donate in kind, visit this <https://www.ccpapreserveohio.org/>.

Submitted by the Champaign County Preservation Alliance.

# Notice of Public Information Meeting for Proposed Major Utility Facility

Clearview Solar I, LLC, a wholly-owned subsidiary of Open Road Renewables, LLC and MAP Energy, LLC, scheduled a Tuesday, October 6, 2020, virtual public informational meeting to outline plans to build the Clearview Solar Project, a solar-powered generation facility located in Adams Township, Champaign County, Ohio. The facility will be sited on approximately 1,060 acres and have a maximum total generating capacity of up to 144 megawatts. The purpose of the facility is to generate on-peak electricity to deliver to the Dayton Power & Light transmission system in Ohio. Construction is anticipated to begin as early as fourth quarter 2022, resulting in commercial operations in fourth quarter 2023. A map showing the general outline of the project and location of the project area is below.

On Tuesday, October 6, 2020, from 6 p.m. to 8 p.m., Clearview Solar will host a public information meeting that will be virtual and will consist of a presentation about the proposed facility and approval process, as well as a live web/phone question and answer (Q&A) session on the project. This live Q&A session is being held in accordance with Rule 4906-3-03 of the Ohio Administrative Code, and the Ohio Power Siting Board’s entry issued on August 19, 2020, in Case No. 20-1362-EL-BGN. After the public information meetings are held, a recorded presentation about the Clearview Solar Project will be posted on Clearview Solar's website ([www.clearviewsolarproject.com](http://www.clearviewsolarproject.com)) and Facebook page (<https://www.facebook.com/Clearview-Solar-Proj-ect-101347974960171>) for viewing by the public at their convenience. Hard copies of the presentation will also be available upon request by contacting the Clearview Solar development team at 512-524-1195 or [clearview@openroadrenewables.com](mailto:clearview@openroadrenewables.com).

For additional information on how to access the live Q&A by either computer or phone, contact the Clearview Solar team via the addresses or telephone number listed above. If you are unable to access the virtual public information meeting via the internet and would like to receive a copy of the presentation, contact Clearview Solar at the addresses or telephone number listed above.

Clearview Solar anticipates filing its application with the Ohio Power Siting Board (OPSB) within 90 days of the live web/phone Q&A session. OPSB's case number for the project is 20-1362-EL-BGN and the filings made with the OPSB in the Clearview Solar case can be viewed at <http://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=20-1362&xx=0&y=0>.

Upon the receipt of the application, OPSB will review the application to determine if it is complete so OPSB staff can begin its investigation. Should OPSB find the

application complete, OPSB will set a date for public hearing, not less than 60 nor more than 90 days after such finding. The public hearing consists of two parts: a public hearing where OPSB will accept written or oral testimony and an adjudicatory hearing. 15 days prior to the public hearing, OPSB's staff will submit a written report on the project.

OPSB accepts written comments on the project from interested persons at any time, as well as written or oral testimony from any person at the public hearing. Petitions to intervene in the adjudicatory hearing will be accepted by OPSB in accordance with a deadline set by OPSB. To request notification of the public hearing or submit comments in the docket contact OPSB at 180 E. Broad St., Columbus, OH 43215, 1-866-270-6772, or [contactOPSB@puc.state.oh.us](mailto:contactOPSB@puc.state.oh.us). Petitions to intervene should be addressed to Docketing Division, the Ohio Power Siting Board, 180 E. Broad St., Columbus, OH 43215 or can be electronically filed. All correspondence and petitions to intervene must include reference to Case No. 20-1362-EL-BGN.

The following map shows the general outline of the project and location of the project area:
