<p>I am a fisherman, I boat on lake Erie, I am TOTALLY against the greed of putting wind mills on our beautiful Lake Erie !! I am an OTR truck driver, I see once beautiful country sides and rolling hills now covered with hundreds of ugly as hell wind mills as far as the I can see, talk to locals, they were told bills would come down, and they NEVER do. KEEP OUR LAKE ERIE JEWEL BEAUTIFUL !!</p>	Michael burdiak

<p>Please do not allow the construction of wind turbines on Lake Erie! I am an avid birder and believe that bird and butterfly migratory routes must be kept unobstructed. In addition, Lake Erie is well known for its frequent shipwrecks due to its shallow depth and high seas during storms. Do we really want cargo ships running into turbines in the lake?</p>	<p>Rebecca Moseley</p>
<p>Do not want wind turbines in Lake Erie. Save the lake.</p>	<p>Jack Sexton</p>

As a sailor who has navigated most of the Southern shores of Lake Erie (from the Islands to Buffalo, NY), a wind-generating "farm" would be a terrible hazard for navigation. I have been in winds over 35 mph and trying to get back safely to my harbor. Fishing nets that can stretch for yards and cargo ships entering the lake caused this sailor to fear for her life. As a professional artist, this project would ruin that picture of the perfect sunset.
