Notice of Discontinuance. Selected XO Communications services will be discontinued for Federal, state, and local Government agencies and educational institutions on or after November 30, 2020

You must choose a new service provider for certain XO services by November 30, 2020

Dear Valued Customer,

This is a formal notification to let you know that we're going to discontinue the XO Communications¹ services listed in Attachment A on or after November 30, 2020 ('Discontinuation Date') for Federal, state, and local Government agencies and educational institutions. This is subject to regulatory-agency approvals where required, and contractual obligations. We ask that you review Attachment A to see affected services. To avoid loss of service (and access to 911 emergency services) you must, at the least, select a local service provider at least 10 days before the Discontinuance Date.

Your action is required! You must select a new provider or providers for the affected services that you currently purchase from XO. You must do so as quickly as possible, but in any event do so no later than November 30, 2020, or you may lose your service. You must choose a new service provider for certain XO services by November 30, 2020

¹ XO Communications refers to XO Communications Services, LLC (One Verizon Way, Basking Ridge, NJ 07920) and XO Virginia, LLC (One Verizon Way, Basking Ridge, NJ 07920)

Verizon would be pleased to work with you to transfer any of these services to alternative Verizon solutions, as available. You can also choose to switch your services to other providers: you can find a list of most other local telephone service providers in your local telephone directory. Please remember that customers may choose the provider of their local telephone service. You may select any company that is offering service in your area. Finally, if you no longer want some or all of your current services, please contact us so that those services can be disconnected.

Any deposits or credits held for XO customers that migrate to other carriers, or otherwise close their XO accounts, will be returned to you after being applied to any outstanding account balances, in accordance with XO's standard practices and applicable Commission requirements.

We will waive any early termination charges associated with these services. Any of these services that are subject to automatic-renewal are no longer being automatically-renewed; however, we will continue to provide service until the discontinuance date.

Please be aware that you are responsible for paying your XO bills during this transition. You may be subject to suspension or termination of your phone service in accordance with Public Service Commission rules if you fail to pay charges due for certain services.

If you currently purchase local telephone service (that is, dial tone services) from XO, after selecting a new local telephone provider you should also contact your current long distance provider to ensure that your current long distance calling plan is not changed as a result of your change in your local service. If you do not contact your long distance provider, you may be charged basic rates (non-calling plan rates) for long distance calls.

If you have a preferred carrier freeze on your accounts, contact your new local telephone service provider ('LSP') to arrange for a new preferred carrier freeze, if you wish to have this protection going forward.

Action required

We urge you to migrate applications that use the services listed in Attachment A to alternate Verizon services, as available.

Verizon would like to remain your preferred telecommunications service provider. To assist with the transition of your XO services, we currently offer attractive pricing on a number of Verizon solutions to continue to support your needs.

Customers have the right to choose an alternative carrier and customers subscribed to long distance (toll) calling plans with a different in-state or interstate toll provider may lose those plans when the customer selects a new local exchange carrier and may revert to higher-priced non-calling plan rates. The warning is to advise you that to ensure continued subscription to any toll calling plans you should call your in-state and interstate toll providers.

Please note that only the XO Communications services listed in Attachment A are affected by the changes in this notice. For other XO Communications services, customers have been notified separately about changes in service.

You will be responsible for payment of all XO services received during migration of services. A final bill will be issued with appropriate debits and credits applied, e.g., refunds for any applicable deposits.

EXHIBIT E

Notice of Discontinuance of Retail Tariffed Services of XO Communications Services, LLC

Pursuant to 4901:1-6-25 OAC, XO Communications Services, LLC (“XO”) hereby notifies the Public Utilities Commission of Ohio (“Commission”) of the planned discontinuance of retail tariffed services to its existing federal, state, and local government agency customers and educational institution customers. (XO does not provide service to residential customers.) The discontinuance will become effective on or after November 30, 2020.

XO provides competitive local exchange services (including switched and dedicated access services), intraLATA toll service, and intrastate interexchange telecommunications services within the state of Ohio to business customers. XO will continue to offer wholesale services and provide non-jurisdictional services in Ohio. Accordingly, XO does not plan to surrender its Certificate of Public Convenience and Necessity, Certificate No. 90-9017.

Because of redundancies among the services offered by XO and its affiliates, the proposed discontinuance will enable the Verizon group of companies to streamline their retail offerings in order to maximize efficiencies and maintain a high level of customer service. XO’s customers will have ample opportunity to migrate to alternative providers offering comparable retail services, including the Verizon companies.

XO does not require customer deposits, so no refunds will be needed.

Approximately five business customers are affected by this discontinuance. As set forth in the Affidavit, XO attests that all affected customers have been notified of the discontinuance of these services and additional notices will be sent in the future. Customers were notified by a letters dated July 31, 2020 sent via U.S. mail. An additional customer notice letter will be sent via U.S. mail in October of 2020. A bill message, regarding the discontinuation, was included in

July 2020 bills. An email was sent in August 2020 to remind customers of the discontinuance.

XO's account representatives have made outbound calls to advise the customers of the discontinuance of these services. A copy of the July 31, 2020 customer notice letter is attached as Exhibit D.
