**Case No. 19-0962-EL-AGG**

On April 17, 2019, Inertia Resources, Inc. filed an application with the Commission for certification as a competitive retail electric service (CRES) provider. On May 17, 2019, the renewal application was suspended in order to give the Commission and Staff additional time to consider the application.

The application, as filed, did not include all the necessary information to complete a thorough review of the Applicant's ability to provide CRES in Ohio. There has been no additional information filed in the docket for Inertia since the case was suspended, and the application is incomplete. Therefore, Staff is recommending that this application be dismissed.
