Stand Energy Corporation ('SEC') is a privately held Kentucky corporation formed in 1984. One of the original three principals continues to work in the day-to-day operation of the company. Prior to forming SEC, Judith A. Phillips (President & CEO) worked for twenty years at Columbia Hydrocarbons. A second founder, Matth. Toeppen, continues as Chairman of the Board.

SEC initially concentrated on large multi-location industrial customers. Over the years, however, the focus of operations has changed to include small to medium commercial, industrial, educational and governmental customers. More recently, SEC has taken part in various choice programs serving small commercial end users.

In addition to natural gas marketing, SEC, has constructed several LDC by-pass pipelines and builds propane alternate fuel installations for customers interested in receiving interruptible gas service.
