Re: In the Matter of Establishing the Clean Air Fund Rider Pursuant to R.C. 3706.46
PUCO Case No. 20-1143-EL-UNC

Docketing Division:

In its Entry dated August 26, 2020 in the above-referenced case, the Public Utilities Commission of Ohio ordered EDUs to report kWh sales annually, by November 1, for the 12-month period ended September 30, so that EDUs are consistently providing actual, rather than estimated, data.

Accordingly, the Dayton Power and Light Company states that its total kWh sales for the twelve months ended September 30, 2020, were 13,655,153,846.

Please contact me if you have any questions.

Sincerely,

/s/ Michael J. Schuler
