18-1578-EL-BGN Public Comment

As a resident of Southwest Ohio, I urge the Ohio Power Siting Board to allow the Alamo Solar Farm to be built. We need clean energy! The Alamo project is an important way for us to be good stewards of our environment. The project will also be an important source of revenue for the local government and schools. The Covid pandemic shows the increasing importance of technology in schools. The Alamo project will provide needed money for schools in the area. I urge the Board to allow the Alamo project to go forward.

Stephen Ploetz

Anderson Township
