Lightsiurce BP CEO Kevin Smith abandoned a project after filing bankruptcy leaving it an absolute wasteland. Is Kevin Smith and Lightsource BP going to turn our beautiful community into an industrial power plant pushing many hardships on our community all to turn around and abandon it. If its happened before it will happen again.

I encourage you to research the link provided. It was eye opening on how disposable we are to this billion dollar giant. Please don't let them do this to us and our community.
