

**BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO**

In the Matter of the Annual Application)
of Columbia Gas of Ohio, Inc. for an Ad-) Case No. 20-1712-GA-RDR
justment to Rider IRP and Rider DSM)
Rates.)

**NOTICE OF INTENT
TO FILE AN APPLICATION TO ADJUST
RIDER IRP AND RIDER DSM RATES
OF COLUMBIA GAS OF OHIO, INC.**

Pursuant to the Commission's December 3, 2008 Opinion and Order in Case Nos. 08-0072-GA-AIR, et al. ("the Columbia Rate Case") Columbia Gas of Ohio, Inc. ("Columbia") submits this Notice of Intent to File an Application to Adjust Rider IRP and Rider DSM Rates ("Pre-Filing Notice") for costs incurred during calendar year 2020.

In the Columbia Rate Case, the Commission approved Columbia's use of an automatic adjustment mechanism to recover costs associated with Columbia's Infrastructure Replacement Program ("IRP") and its Demand Side Management ("DSM") Program. The Commission's Order in the Columbia Rate Case contemplated periodic filings of applications and adjustments of Rider IRP and Rider DSM. The current rates for Rider IRP were approved in the Commission's April 22, 2020 Opinion and Order in Case No. 19-1940-GA-RDR. At this time, Columbia's proposed Rider DSM rates to capture calendar year 2019 costs have not been approved.

The Commission approved Rider IRP and Rider DSM and the annual adjustment mechanism for the riders in the Columbia Rate Case in accordance with the alternative rate plan provisions in R.C. 4929.05. Therefore, the application to be filed in this docket will not be an application for an increase in rates under R.C. 4909.18.

In order to facilitate a timely review of the application to be filed in this docket, Columbia hereby submits the following:

(1) PFN Exhibit 1

- (a) This Pre-Filing Notice is Columbia's statement of notice of intent to file an application for an adjustment of Columbia's Rider IRP and DSM rates;
- (b) The service area to be included in the application for an adjustment of Columbia's Rider IRP and DSM rates includes all of Columbia's customers served in the following counties:

Allen	Ashland	Athens	Belmont	Carroll
Champaign	Clark	Columbiana	Coshocton	Crawford
Cuyahoga	Delaware	Erie	Fairfield	Franklin
Fulton	Gallia	Greene	Guernsey	Hancock
Hardin	Harrison	Hocking	Holmes	Huron
Jackson	Jefferson	Knox	Lawrence	Licking
Logan	Lorain	Lucas	Madison	Mahoning
Marion	Medina	Meigs	Monroe	Morgan
Morrow	Muskingum	Noble	Ottawa	Perry
Pickaway	Richland	Ross	Sandusky	Scioto
Seneca	Stark	Summit	Tuscarawas	Union
Vinton	Warren	Washington	Wayne	Wood
Wyandot				

- (c) The application will be based on the test period for the twelve months ending December 31, 2020, and on a date certain of December 31, 2020.
- (2) PFN Exhibit 2 - A listing of the incorporated municipalities included in the application, and the titles and addresses of the mayors and legislative authorities to whom copies of this Pre-Filing Notice were sent, is attached hereto as PFN Exhibit 2.
- (3) PFN Exhibit 3 - Copies of the proposed tariff sheets that are intended to replace or add to current tariff schedules are attached hereto as PFN Exhibit 3.
- (4) PFN Exhibit 4 - A copy of the Typical Bill Comparison, is attached hereto as PFN Exhibit 4.
- (5) PFN Exhibit 5 – A copy of the letter sent to mayors and legislative authorities of municipalities listed in PFN Exhibit 2.
- (6) PFN Exhibit 6 – A summary of rates by class
- (7) PFN Exhibit 7A – Study – Rider IRP (AMRP)
PFN Exhibit 7B – Study – Rider IRP (Risers)
PFN Exhibit 7C – Study – Rider IRP (AMRD)
PFN Exhibit 7D – Study – Rider DSM

In February, 2021, Columbia will file its application for approval of a specific Rider IRP rate and a specific Rider DSM rate based on updated schedules reflecting actual costs incurred for the test year. The proposed tariffs attached hereto as Columbia's PFN Exhibit 3 would generate annual revenue increases of approximately \$31.4 million associated with Rider IRP and an increase of approximately \$7.9 million associated with Rider DSM, and are required to provide Columbia with the opportunity to earn a fair rate of return.

Respectfully submitted,

COLUMBIA GAS OF OHIO, INC.

By: /s/ Joseph M. Clark

Joseph M. Clark

Joseph M. Clark, Asst. Gen. Counsel (0080711)

PROPOSED TARIFF SHEETS

**RULES AND REGULATIONS GOVERNING THE DISTRIBUTION
AND SALE OF GAS**

RIDER IRP –
INFRASTRUCTURE REPLACEMENT PROGRAM RIDER

APPLICABILITY

Applicable to all customer accounts served under rate schedules SGS, GS and LGS.

DESCRIPTION

An additional charge per account per month, regardless of gas consumed, to recover costs associated with:

- a) **Riser and Hazardous Customer Service Line Replacement Program** - The replacement of customer-owned Natural Gas Risers identified in the November 24, 2006 Report by the Staff of the Public Utilities Commission of Ohio in Case No. 05-463-GA-COI as prone to failure and the maintenance, repair and replacement of hazardous customer-owned service lines.
- b) **Accelerated Mains Replacement Program** – The replacement of bare steel and cast iron or wrought iron main lines, and associated company and customer-owned metallic service lines.
- c) **Automated Meter Read** - The installation of automated meter reading devices on meters located inside customer's premises.

This Rider shall be calculated annually pursuant to a Notice filed no later than November 30 of each year based on nine months of actual data and three months of estimated data for the calendar year. The filing shall be updated by no later than February 28 of the following year to reflect the use of actual calendar year data. Such adjustments to the Rider will become effective with bills rendered on and after the first billing unit of May of each year.

RATE

Rate SGS, Small General Service	\$12.27 \$10.91 /Month
Rate GS, General Service	\$111.27 \$93.91 /Month
Rate LGS, Large General Service	\$3,535.72 \$2,984.08 /Month

RECONCILIATION ADJUSTMENTS

This rider is subject to reconciliation or adjustment, including but not limited to, increases or refunds. Such reconciliation or adjustment shall be limited to the twelve-month period of expenditures upon which the rates were calculated, if determined to be unlawful, unreasonable, or imprudent by the Commission in the docket those rates were approved or the Supreme Court of Ohio.

Filed in accordance with Public Utilities Commission of Ohio Opinion and Order issued ~~April 22, 2020 in Case No. 19-1940-GA-RDR-~~

Issued: ~~April 24, 2020~~

Effective: With meter readings on or after
~~April 29, 2020~~

Issued By
~~Vincent A. Parisi~~~~Daniel A. Creekmur~~, President

**RULES AND REGULATIONS GOVERNING THE DISTRIBUTION
AND SALE OF GAS**

DEMAND SIDE MANAGEMENT RIDER

APPLICABILITY

Applicable to all volumes delivered under the Company's SGS rate schedule.

DESCRIPTION

An additional charge, for all gas consumed, to recover costs associated with the implementation of comprehensive, cost-effective energy efficiency programs made available to residential and commercial customers.

RATE

All gas consumed per account per month \$0.2618~~\$0.1957~~/Mcf

RECONCILIATION ADJUSTMENTS

This Rider is subject to reconciliation or adjustment, including but not limited to, increases or refunds. **LETTER SENT TO MAYORS
AND LEGISLATIVE AUTHORITIES**

November 24, 2020

As it has for several years, Columbia Gas of Ohio in 2020 is investing in infrastructure replacement programs that benefit both our customers and your community.

In addition, Columbia continues to make substantial investments in energy efficiency (Demand Side Management, or DSM) programs that help our customers save money on their energy bills.

As authorized by the Public Utilities Commission of Ohio (PUCO) in its Opinion and Order in Case Nos. 08-72-GA-AIR, 11-5515-GA-ALT, 16-1309-GA-UNC, 16-1310-GA-AAM, and 16-2422-GA-ALT, Columbia may recover certain infrastructure and energy efficiency investments made in the previous calendar year. Columbia will soon make its annual filings with the PUCO to set rates for its Infrastructure Replacement Program Rider (Rider IRP) and the Demand Side Management Rider (Rider DSM).

In February, our application will request an increase of an estimated \$39.3 million, to be collected through the Rider IRP and Rider DSM, beginning May 2021. Based on average monthly consumption, the increase will raise bills by approximately \$1.91 per month and represents a 2.7 percent increase on typical residential bills.

Under its Infrastructure Replacement Program, Columbia is replacing aged cast iron, wrought iron, unprotected coated steel and bare steel distribution pipe, as well as hazardous customer service lines. Also included in the Infrastructure Replacement Program are the repair or replacement of 320,000 prone-to-failure risers (completed in 2012) and the installation of more than 1.4 million automated meter reading devices (AMRD) on all residential and commercial meters (completed in 2013).

Replacing our aged distribution main with modern pipe produces several benefits for our customers and our communities:

- It reduces leaks, which enhances the safety of our system and means we have to dig up streets, sidewalks and lawns less often.
- It allows us to operate distribution systems at higher pressures, which keeps water from infiltrating lines and disrupting service, and better supports economic development in older neighborhoods.
- It lowers our operating and maintenance costs, and these savings get passed on to our customers.
- It creates local construction jobs and increases local tax revenue.

Our IRP program produces other customer benefits as well:

- It addresses a riser safety issue identified by the PUCO and relieves the impacted customers of hundreds of dollars in repair or replacement costs. Prior to 2008, risers were customer-owned equipment.
- It relieves customers of repair bills in the hundreds or thousands of dollars if their customer service line develops a hazardous leak. Prior to 2008, these service lines were customer-owned equipment.
- The installation of AMRDs means that our customers with indoor gas meters no longer have to make access arrangements for our meter readers, and full AMRD deployment has allowed Columbia to do actual meter readings every month, eliminating bi-monthly estimated reads, which were a significant source of customer service complaints.
- Full deployment of AMRDs has resulted in substantial meter reading cost savings that are being passed on to customers through this program.

Our Energy Efficiency programs, supported by Rider DSM, produce both up-front and long-term savings for our customers. The up-front discounts for smart thermostats; high-efficiency showerheads; home energy audits and assessments; attic and wall insulation; air sealing; and high-efficiency natural gas space and water heating equipment, as well as whole house weatherization for low-income customers. The installation of such energy-saving measures results in long-term savings on natural gas bills.

The Energy Efficiency program also includes a behavioral program which provides home energy efficiency reports to customers about their home energy usage and ways they can improve their energy efficiency. The portfolio also includes an energy efficient residential new construction program, an energy efficiency education program for students, an online energy audit, an energy efficient small commercial construction program, and a program that provides business and non-profit customers with opportunities for energy audits and upgrades.

Through September 2020, Columbia has performed more than 53,000 home energy audits and assessments, and approximately 42% of the customers who have had audits or assessments have elected to make energy-efficiency improvements to their homes through the Home Performance Solutions program. Over 20,900 new homes have been built through the EfficiencyCraftedSM Homes program that provides incentives to Ohio homebuilders to construct homes that exceed the energy efficiency levels of code-built homes. Since 2009, over 21,600 low-income households have received free whole-house weatherization through Columbia's WarmChoice® program. Through the Simple Energy Solutions program, customers have received rebates on over 64,500 energy-efficient showerheads, over 84,300 programmable and smart thermostats, and over 43,000 energy-efficient faucet aerators.

In addition, approximately 192,000 students will have been educated by the end of 2020 on the benefits of energy efficiency and will receive a kit of energy efficiency measures to install at their home through the e³ smart program. Columbia will also provide approximately 600,000 residential customers with home energy efficiency reports in 2020 that will provide them with customized reports on their energy usage and energy saving recommendations, as well as encouragement to take actions to lower natural gas use. Columbia has also provided over 42,800 rebates to customers to purchase high efficiency natural gas furnaces, boilers, and water heaters through its high efficiency appliance rebate program. More than 33,200 customers have completed the Online Energy Audit provided by Columbia.

Columbia is not currently recovering its 2020 investments in these programs through its distribution rates. The actual Rider IRP and Rider DSM rates are subject to PUCO approval. You are not required to take any action, but should you wish to view our pre-filing notice or any other public documents in this case, you may visit the PUCO's online Docketing Information System at www.puco.ohio.gov, and review the filings made for Case No. 20-1712-GA-RDR.

We are committed to providing outstanding customer service and to maintaining strong relationships with the communities we serve. If you have any questions about our rate adjustment, please contact Melissa Thompson, Director of Regulatory Policy, at (614) 315-3391.

Sincerely,

A handwritten signature in black ink, appearing to read "Vincent Parisi", with a stylized flourish at the end.
