No To Proposed Solar Project on Lima Ohio

I returned to my hometown over Thanksgiving and was devastated to hear of this proposed solar project. I do not want to see the destruction of agricultural land and wildlife. I can't believe they would even consider a project of this size in a highly populated area. How can they surround homes on 2, 3 or even 4 sides by industrial solar fields? That's absurd and unfair to those landowners. Please do not approve this project which would destroy our health, environment and property values.
