Hi Matthew,

Could you please file this email along with the photos onto the “complaint” section for the siting board?

My property has 2 “No trespassing” signs clearly posted. A surveying company working for Lightsource BP has decided that they would disregard our postings.

They parked their truck, trailer, and atv equipment in our driveway on 12/2/20 at approximately 10:30 am.

When asked why they were parked in our drive they said “We thought it would be alright!” ...

We told them it was not okay and that they needed to move their equipment immediately.

They said “Oh no problem – I’ll just set up and then I’ll move my stuff” – We said no... you will move it now.

He obliged and proceeded to drive the truck, trailer, and atv directly through our yard and over top of our sewer lines.

The Auglaize County Sheriff has been called and this is not acceptable.

Also I thought I would mention that Lightsource BP has made numerous false claims that all of these jobs will be kept local. You can clearly see this truck is from Texas...

Please contact me with any questions...

Thanks,

Kacie Rison
