---

I am totally against Birch Solar building a solar electric facility in my area. This will destroy the property values including the value of my home and that of my neighbors. This facility is unneeded, and is truly another clean energy boondoggle. We do not need this company to come into our neighborhoods and disrupt our lives with unneeded construction to establish a facility which will be obsolete in a few short years. By then the damage to our lives will be irreparable.

Kenneth Harris
