Experian Business Credit Score

[Back to top](#)

Business Credit Scores range from a low of 1 to high of 100 for scored locations, but this location is not yet scored due to a lack of information needed to determine the score. This score predicts the likelihood of serious credit delinquencies within the next 12 months. This score uses tradeline and collections information, public filings as well as other variables to predict future risk.

Experian Financial Stability Risk Rating

[Back to top](#)

Financial Stability Risk Ratings range from a low of 1 to high of 5, but this location is not yet rated due to a lack of information needed to determine the rating. Lower ratings indicate lower risk. This rating predicts the likelihood of payment default and/or bankruptcy within the next 12 months. This rating uses tradeline and collections information, public filings as well as other variables to predict future risk.

Credit Summary

Subject: Your company's Ohio applications do not meet requirements

Mr. Palminteri,

The certification applications for Onix Energy LLC (Case Numbers 20-1738-EL-AGG and 20-1739-GA-AGG) were received by the PUCO Docketing Division on November 23, 2020. However, the applications did not comply with the requirements of financial-related Exhibits: C-3(financial forecast) and C-5(credit report).

Please provide a financial forecast for Ohio to include any income and expenses that your organization is anticipated to have due to having certificates to do business in Ohio during 2020, 2021 and 2022. Include your organization's Ohio annual fees in your expenses. A generic example of Exhibit C-3 is attached for your reference to be used for each of your organization's two cases. Do not combine the forecasts for your electric and gas cases. They are separate legal entities and each must be filed separately under its respective case number.

To comply with the requirements of Exhibit C-5, an applicant needs to file either (1) an organization credit report with substantive information including a business credit score or (2) a personal credit report of a company officer that shows substantive information (including a credit score) if your organization does not have a business credit report with substantive information. Please amend Exhibit C-5 with this information.

In order to avoid suspension and/or denial of your applications, please send all of the above referenced Exhibits to the PUCO Docketing Division with a note to include them as amendments to your applications for Case Numbers 20-1738-EL-AGG and 20-1739-GA-AGG. Use separate sheets of paper for each Case and for each exhibit within each case. The required amendments must be received **by Docketing (not myself) by Noon Tuesday, December 15, 2020** and comply with filing content requirements in order for staff to have sufficient time to review the information and for you to avoid suspension or denial of your applications.

Please **email me** if you have any questions.
