Re: Case No. 16-253-GA-BTX
Staff Report Condition No. 15 – Landscape screening for the City of Reading

Dear Ms. Troupe:

Please find attached letter to the City of Reading relating to landscape screening for the Central Corridor Pipeline project.

Duke Energy Ohio sets forth this communication to certify its adherence with Condition No. 15 of the OPSB's Opinion, Order and Certificate pertaining to Case No. 16-253-GA-BTX.

Please contact me if you have any questions.

Sincerely,

Emily A. Olive, CP

RE: Central Corridor Pipeline (valve station)

Dear Mr. Ross:

This communication serves to memorialize our conversation on 10/21/2020 where, pursuant to Condition No. 15 of the Opinion, Order and Certificate issued by the Ohio Power Siting Board (hereafter "OPSB") on November 21, 2019 in Case No. 16-253-GA-BTX, Duke Energy Ohio met with you to discuss our screening plan for the future valve station in Reading, OH.

As indicated during our discussion, the station will be enclosed by an industrial, ornamental black steel security fence. Also, following completion of construction, we will install landscape screening around the exterior of the station to further minimize any impacts to the viewshed.

In accordance with Condition No. 15 of the Opinion, Order and Certificate, Duke Energy Ohio will file a copy of our plans with the OPSB.

We greatly appreciate your continued engagement concerning this important infrastructure project.

Sincerely,

A handwritten signature in black ink that reads "Gary J. Hebbeler". The signature is fluid and cursive, with a long horizontal flourish at the end.

Gary J. Hebbeler
Vice President
Duke Energy Ohio
