B-1. Authorizing ordinance

Provide a copy of the adopted ordinance or resolution that reflects voter authorization to form a governmental aggregation program pursuant to Sections 4929.26 and 4929.27 of the Ohio Revised Code.

File(s) attached.

B-2. Operation and governance plans

Provide a copy of the applicant's plan for operation and governance of its aggregation program adopted pursuant to Sections 4929.26(C) or 4929.27(B) of the Revised Code. The Operation and Governance Plan should include all information pursuant to Rule 4901:1-28-03 of the Ohio Administrative Code.

Files(s) attached.

B-3. Opt-out disclosure notice

If the aggregation program provides for automatic aggregation in accordance with Section 4929.26(A) of the Revised Code, provide a copy of the disclosure notification required by Section 4929.26(D) of the Revised Code.

File(s) uploaded

B-4. Experience and Plans

Provide a description of the applicant's experience in providing the service(s) for which it is applying (e.g. number and type of customers served, utility service areas, amount of load, etc.). Also provide the plan for contracting with customers, providing contracted services, providing billing statements, and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Section 4928.10 of the Revised Code.

Exhibit B-1

**Authorizing
Ordinance/Resolution**

Ordinance No. 2011-14

AN ORDINANCE AUTHORIZING ALL ACTIONS NECESSARY TO EFFECT A GOVERNMENTAL ELECTRICITY AGGREGATION PROGRAM WITH OPT-OUT PROVISIONS PURSUANT TO SECTION 4928.20 OHIO REVISED CODE, DIRECTING THE WILLIAMS COUNTY BOARD OF ELECTIONS TO SUBMIT A BALLOT QUESTION TO THE ELECTORS; AND DECLARING AN EMERGENCY.

Whereas, The Ohio Legislature has enacted electric deregulation legislation ("Am. Sub. S.B. No. 3") which authorizes the legislative authorities of municipal corporations, townships and counties to aggregate the retail electrical loads located within the respective jurisdictions and to enter into service agreements to facilitate for those loads the purchase and sale of electricity ("Governmental Aggregation"); and

Whereas, Such legislative authorities may exercise such authority jointly with any other legislative authorities; and

Whereas, Governmental Aggregation provides an opportunity for residential and small business consumers to participate collectively in the potential benefits of electricity deregulation through lower electricity rates which would not otherwise be available to those electricity customers individually; and

Whereas, this Council, seeks to establish a Governmental Aggregation program with opt-out provisions pursuant to Section 4928.20, Ohio Revised Code (the "Aggregation Program") for the residents, businesses and other electric consumers in the Village.

NOW, THEREFORE, BE IT RESOLVED by the Council of West Unity, Ohio that:

Section 1: This Council finds and determines that it is in the best interest of the Village, its residents, businesses and other electric consumers located within the corporate limits of the Village to establish this Aggregation Program in the Village. Provided that the Aggregation Program is approved by the electors of the Village pursuant to Section 2 of this Ordinance, the Village is hereby authorized to automatically aggregate, in accordance with Section 4928.20, Ohio Revised Code, the retail electric loads located within the Village, and, for that purpose, to enter into service agreements to facilitate for those loads the purchase and sale of electricity. The Village may exercise such authority jointly with any other municipal corporation, township or county or other political subdivision of the State of Ohio to the full extent permitted by law. The aggregation will occur automatically for each person owning, occupying, controlling or using an electric load center proposed to be aggregated and will provide for the opt-out rights described in Section 3 of this Ordinance.

Section 2: The Board of Elections of Williams County is hereby directed to submit the following question to the electors of the Village at the primary election in 2012:

Shall the Village of West Unity have the authority to aggregate the retail electric load located in the Village, and for that purpose, enter into services agreements to facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out?

The Clerk of this Council is instructed to immediately file a certified copy of this ordinance and the proposed form of the ballot question with the County Board of Elections not less than ninety (90) days prior to the general election. The Aggregation Program shall not take effect unless approved by a majority of the electors voting upon this ordinance and the Aggregation Program provided for herein at the election held pursuant to this Section 2 and Section 4928.20, Ohio Revised Code.

Section 3: Upon approval of a majority of the electors voting at the general election provided for in Section 2 of this Ordinance, this Council, individually or jointly with any other political subdivision, may develop a plan of operation and governance for the Aggregation Program. Before adopting such plan, this Council shall hold at least two public hearings on the plan. Before the first hearing, notice of the hearings shall be published once a week for two consecutive weeks in a newspaper of general circulation in the Village. The notice shall summarize the plan and state the date, time and place of each hearing. No plan adopted by this Council shall aggregate the electric load of any electric load center within the Village unless it, in advance, clearly discloses to the person owning, occupying, controlling, or using the load center that the person will be enrolled automatically in the Aggregation Program and will remain so enrolled unless the person affirmatively elects by a stated procedure not to be so enrolled. The disclosure shall state prominently the rates, charges, and other terms and conditions, of enrollment. The stated procedure shall allow any person enrolled in the Aggregation Program the opportunity to opt- out of the program at least every three years, without paying a switching fee. Any such person that opts out of the Aggregation Program pursuant to the state procedure shall default to the standard service offer provided under division (a) of Section 4928.35, Ohio Revised Code until the person chooses an alternative supplier.

Section 4: It is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this ordinance were adopted in an open meeting of this Council and that the deliberations of this Council and any of its committees that resulted in such formal actions were in meetings open to the public, in compliance with all legal requirements including section 121.22 of the Ohio Revised Code.

Section 5: This ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety of the Village and the inhabitants thereof, and for further reasons that this ordinance is required to be immediately effective in order to file a certified copy of this ordinance and the

proposed form of the ballot question with the Williams Board of Elections not later than ninety (90) days prior to the Primary election of 2012, as provided herein; wherefore, provided it receives the affirmative vote of at least five members elected and appointed to Council, it shall take effect and be in force immediately upon its passage and approval by the Mayor, otherwise it shall take effect and be in force at the earliest period allowed by law.

Operation and Governance Plan

Ordinance No. 2012-07

TITLE: ELECTRICITY AGGREGATION PROGRAM-- ADOPTION OF PLAN

AN ORDINANCE ADOPTING THE PLAN OF OPERATION AND GOVERNANCE FOR THE
ELECTRICITY AGGREGATION PROGRAM FOR THE VILLAGE OF WEST UNITY WITH
FIRSTENERGY SOLUTIONS.

WHEREAS, Pursuant to Amended Substitute Senate Bill 3 and the vote of the Village's electors at the election in November 2011, the Village of WEST UNITY had determined to provide for its residents an Electric Power Aggregation Plan under which the Village would act as the purchasing agent to make available electric power at reduced rates on an opt-out basis; and

WHEREAS, The Village has prepared Electric Power Aggregation Plan of Operation and Governance which is on file with the Clerk of Council, and has held two public hearings on the Plan of Operation and Governance on May 24th, 2012.

NOW, THEREFORE, BE IT RESOLVED by the Council of the Village of West Unity, State of Ohio, that:

SECTION 1. This Council hereby adopts and approves an Electric Power Aggregation Plan of Operation and Governance known as the "Village of West Unity Electric Power Aggregation Plan of Operation and Governance," dated May 24th, 2012, a copy of which is on file with the Clerk of Council and which is incorporated herein by reference as if fully rewritten herein.

SECTION 2. Notice of the passage of this Ordinance shall be given by publishing the title and abstract of its contents, prepared by the Director of Law, once in one newspaper of general circulation in the Village of West Unity

SECTION 3. That it is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this ordinance were taken in an open meeting of this Council and that all deliberations of this Council and of any of its committees that resulted in such formal action were meetings open to the public in compliance with the law.

SECTION 4. This ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health, safety, convenience and welfare of the Village of West Unity and the inhabitants thereof, for the further reason that this Ordinance is required to be immediately effective in order to maximize the potential benefits of the aggregation program for the electricity consumers in the Village, and provided it receives the necessary votes required by the Village Charter, shall be in full force and effect from and after its passage and approval; otherwise to be in full force and effect from and after the earliest period allowed by law.

NOTICE OF PUBLIC HEARINGS

NOTICE is hereby given that pursuant O.R.C. Section 4928.20 (C) that the Village of West Unity will hold two separate public hearings on the Village of West Unity Electric Power Aggregation Plan of Operation and Governance on May 24th, 2012 at 12:00 p.m. and 6:30 p.m. at the Village Hall - 118 W. Jackson St. West Unity, OH.

The Village of West Unity Electric Power Aggregation Plan of Operation and Governance describes the policies and procedures by which West Unity will carry out its municipal electric aggregation program. Including those policies and procedures, which relate to rates and customer service.

If you have any questions you may call the Village of West Unity between the hours of 7:30 a.m. and 4:30 p.m. at 419-924-2215

Electric Power Aggregation Plan of Operation and Governance

May 24, 2012

Village of West Unity Electric Power Aggregation Plan of Operation and Governance

I. INTRODUCTION

Amended Substitute Senate Bill 3 ("S.B. 3") opened Ohio's retail electric market as of January 1, 2001. S.B. 3 authorizes customer choice in the selection of suppliers of retail electric generation and declares electric generation service, aggregation service, power marketing, and power brokering as competitive retail electric services. The legislation gave the Public Utilities Commission of Ohio ("PUCO") authority to adopt rules regarding the development of a competitive retail electric market in Ohio and authority to promulgate rules on governmental aggregation.

Large industrial and commercial consumers with sophisticated electric operations use their size and expertise to obtain lower electric power rates. Individual residential and small commercial consumers are typically unable to obtain significant price reductions since they lack the bargaining power, expertise and the economies of scale enjoyed by larger consumers. Aggregation, the combining of multiple electric loads, provides the benefits of retail electric competition for consumers with lower electric demands.

Government aggregation, the combining of multiple electric loads by a municipality, provides the means through which Village of West Unity residential consumers may obtain the economic benefits of Ohio's competitive retail electric market. The Village of West Unity Aggregation Program combines the electric loads of residential customers to form a buying group ("Aggregation Group"). Village of West Unity will act as Purchasing Agent for the Aggregation Group. This means that Village of West Unity will be a Governmental Aggregator, as defined by Ohio law and the rules established by the PUCO, and shall act on behalf of customers in the Village to obtain the best electric generation rate for consumers who participate in the Aggregation Group.

II. PROCESS

On March 6, 2012, West Unity voters approved the development of a form of government electric aggregation known as "opt-out" aggregation. Under the opt-out program, all eligible residential and business customers in the Village are automatically included as participants in the program unless they opt-out of the program by providing written notice of their intention not to participate. As required by state law, the Village Council passed a Resolution, which authorized submitting the selection of opt-out aggregation to the Village's voters.

In addition to obtaining necessary Village Council approval, the Village is also required to comply with various PUCO regulations. The Village will file an application

with the PUCO for certification as a Government Aggregator as soon as the Village Council approves the Plan, on or about May 24, 2012. As required by the regulations, the Village developed this Aggregation Plan of Operation and Governance ("Plan"). On May 16, 2012 and May 23, 2012, the Village advertised the Public hearing dates to discuss the Plan in the Village Reporter. As required by the PUCO's regulations, two hearings were conducted on May 24, 2012. The Opt-out notice for the Village's Program will be sent to all eligible electric customers in the Village upon approval of this Plan, setting forth the rates, terms and conditions of the program, and giving 21 days to opt out of the Program.

On May 24, 2012 the Village of West Unity Council's selected FirstEnergy Solutions, Inc. (FES), a subsidiary of FirstEnergy Corp., as its Retail Electric Generation Provider, to provide the electric power for the Village of West Unity Aggregation Program at this time. Under this program, Toledo Edison which is the EDC, will still deliver the electricity purchased from the Village's provider, FES, to customers, customers will receive only one bill (from), and all metering, repairs and emergency service will continue to be provided by the EDC.

III. DEFINITIONS

In order to clarify certain terminology, the following terms shall have the meanings set forth below:

"Aggregation Program" means the program developed by Village of West Unity, as a Government Aggregator under Section 4928.20 Ohio Revised Code, to provide EDC customers in the Village with retail electric generation services.

"EDC" means the Electric Distribution Company.

"Government Aggregator" means the Village and its legislative authority acting as an aggregator for the provision of a competitive retail electric service under the authority conferred under Section 4928.20 of the Ohio Revised Code.

"Member" means a person enrolled in the Village of West Unity government Aggregation Group for competitive retail electric services.

"Retail Electric Generation Provider" ("Provider") means an entity certified by the Public Utilities Commission of Ohio ("PUCO") to provide competitive retail electric service(s), and which is chosen by the Village to be the entity responsible to provide the required service related to "Government Aggregation" as defined in Section 4928.20 of the Ohio Revised Code and applicable provisions of the rules of the PUCO.

"Competitive Retail Electric Service" ("CRES") means a component of electric retail service that is deemed competitive pursuant to the Ohio Revised Code or pursuant to an order of the PUCO.

IV. OPERATIONAL PLAN:

A. Aggregation Services

1. Provider: Village of West Unity will use a contractor ("Retail Electric Generation Provider") to perform and manage aggregation services for its Members. The Village has selected FES to be its Provider at this time. The Provider shall provide adequate, accurate, and understandable pricing terms and conditions of service, including any switching fees and the conditions under which a Member may rescind a contract without penalty. The Provider must provide the Village, if requested, an electronic file containing the Members usage, and charges. The Provider must have a local phone number or a toll free number for Members to call.

2. Database: The Retail Electric Generation Provider will build and maintain a database of all Members. The database will include the name, address, EDC account number, and Retail Electric Generation Provider's account number of the Member, and other pertinent information such as rate code, rider code (if applicable), most recent 12 months of usage and demand, and meter read cycle. This database will be updated at least quarterly. Accordingly, the Retail Electric Generation Provider will develop a process to be implemented that will be able to accommodate at a minimum Members who (i) leave the program due to relocation, opting out, etc. (ii) decide to enter the Program; (iii) relocate within the Village, and (iv) move into the Village and desire to enter the Program. This database shall also be capable of eliminating PIPP customers from the Program, should that be necessary, and those who have opted out. The Retail Electric Generation Provider will use this database to perform bill audits for clerical and mathematical accuracy of Member bills.

3. Member Education: The Retail Electric Generation Provider will develop, with the assistance of the Village, an educational program that generally explains the Aggregation Program to Members, provides updates and disclosures mandated by Ohio law and PUCO rules, and implements a process to deal with allowing any person enrolled in the Aggregation Program the opportunity to opt out of the program at least every three years, without paying a switching fee to the Village or the Provider. See Appendix A for a detailed description of the Education Process.

4. Customer Service: The Retail Electric Generation Provider will develop and administer a customer service process, that at a minimum will be able to accommodate (i) Member inquiries and complaints about billing; and (ii) answer questions regarding the program in general. This process will include at a minimum a description of how telephone inquiries will be handled, either internally or externally, how invoices will be prepared, how remittance of payment will be dealt with, and how collections for delinquent accounts will be addressed. See Appendix B for a detailed description of the Customer Service Plan.

6. Billing: Village of West Unity will use the Retail Electric Generation Provider, or it's designated agent, to provide billing services to each Member for the Competitive Retail Electric Services, with no additional administrative fee. At this time, EDC will render the billing statement, which should be consistent with all applicable guidelines

issued by the PUCO. As this market develops, Village of West Unity may, at its option and in consultation with the Provider, change this function to the Retail Electric Generation Provider or a billing agency.

7. Compliance Process: The Retail Electric Generation Provider will develop internal controls and processes to ensure that the Village remains in good standing as a Government Aggregator that complies with all laws, rules and regulations surrounding the same, as they may be amended from time to time. It will be the Retail Electric Generation Provider's responsibility to deliver periodic reports that will include at a minimum (i) the number of Members participating in the Program; and (ii) a savings estimate or increase from the previous year's baseline. The Retail Electric Generation Provider will also develop a process to monitor and provide notification of any changes in laws, rules or regulations.

8. Notification to EDC: The Village's consumers that do not opt-out of the Village's Aggregation Group will be enrolled automatically in the Aggregation Program. To the extent that EDC requires notification of participation, the Village will coordinate with its Provider to provide such notice to EDC. The Provider will inform EDC of any individuals who may have been permitted to join the Aggregation Group after the expiration of the enrollment period.

B. Power Supply Agreement

The Power Supply Agreement will provide for the Provider to serve the Village's Government Aggregation Group. Under the Agreement, the term for power supply to Members will be for nine years from the beginning of service.

C. Village of West Unity's Retail Electric Generation Provider - FirstEnergy Solutions, Inc. (FES)

FES satisfies each of the following requirements:

- Has sufficient sources of power to provide retail firm power to the residents of Village of West Unity.
- Is a licensed Federal Power Marketer with the Federal Energy Regulatory Commission.
- Is certified as a CRES by the PUCO.
- Is registered as a generation supplier with EDC.
- Has a Service Agreement for Network Integration Transmission Service.
- Has a Retail Access Agreement with the applicable EDC(s).
- Has the corporate structure to sell retail firm power to the EDC customers in the Village.
- Its Electronic Data Interchange computer network is fully functional and capable of handling the EDC retail electric customers in Village of West Unity.
- Has the marketing ability to reach all EDC retail electric customers to educate them on the Village's Aggregation Program.

- Has a call center capable of handling the Village's Aggregation Group customer calls.
- Has a toll-free number as required by the PUCO for customer service and complaints related to the Village's aggregation program.
- Will hold the Village financially harmless from any financial obligations arising from supplying power to the EDC retail electric customers in the Village.
- Satisfies the State of Ohio's, EDC and the Village's credit requirements.
- Will execute the Power Supply Agreement.
- Will assist the Village in filing the annual reports required by the PUCO and Section 4805.10(A), Section 4911.18(A) and Section 4928.06(F) of the Ohio Revised Code.
- Will assist the Village in developing a Consumer Education Plan.

D. Activation of Service

After a notice is sent out to all electric customers in the Village providing 21 days to opt out of the Program, all customers who do not opt out will be automatically enrolled in the Program. Generation service activation will occur thereafter without consumer action beginning on the customer's normal meter read date within the month when power deliveries begin under the Aggregation Program.

E. Changes, Extension or Renewal of Service

The current Agreement for power supply service with FES will provide service beginning upon activation of service. If the Agreement is extended or renewed, Members will be notified as required by law and the rules of the PUCO as to any change in rates or service conditions. At least every three years all EDC customers in the Village will be given an opportunity to opt into or out of the Program, and reasonable notice will be provided as required by law and PUCO rules. Participants will also be notified of their right to select an alternate generation supplier and of their ability to return to EDC Standard Service Offer.

F. Termination of Service

In the event that the Power Supply Agreement is terminated prior to the end of the term, each individual Member of the Aggregation Group will receive written notification of the termination of the Program at least sixty (60) days prior to termination of service. If the Agreement is not extended or renewed, Members will be notified as required by law and the CRES rules of the PUCO in advance of the end of service. Members will also be notified of their right to select an alternate generation supplier and of their ability to return to EDC Standard Service Offer upon termination.

G. Opt-In Procedures

EDC customers will be automatically enrolled in the Program after a 21 day opt out period, unless they return the form to be provided, notifying the Provider that they

do not want to participate. EDC consumers in the Village may request to join the Aggregation Group after the expiration of the enrollment period by contacting the Provider, who shall determine whether to accept them into the Program, and at what rate, subject to written policies mutually agreed upon by the Village and the Provider. The agreed upon policy shall be consistent with EDC service activation requirements. Aggregation Group participants who move from one location to another within the corporate limits of the Village shall retain their participant status.

H. Opt-out Procedures

EDC consumers may opt-out of the Village's Aggregation Group at any time during the opt-out period without additional fees charged by the Provider or the Village. Aggregation Group participants who switch to a different generation supplier after the expiration of the Opt-out period will be allowed to do so in correlation with the consumer's next scheduled meter read date but will be charged a switching fee (\$25 for Residential and \$50 for Small Commercial) to be billed on their final bill from the Provider. Switching to a different generation supplier on the next meter read date, however, will occur when the next meter read date is twelve (12) business days or more from the date of the consumer's notice of intent to opt-out of the Aggregation Group. Notification of intent to opt-out of the Aggregation Group may be made by contacting the Provider by telephone or in writing. Consumers who opt-out of the Aggregation Group will default to EDC Standard Service Offer, until the consumer selects an alternate generation supplier.

I. Rates

All Rates will be determined prior to sending the opt-out notification to eligible customers. Rates may include a fixed price offer or a percent off the standard PTC offer. The rates will be clearly stated and explained in the opt-out notification. National accounts (e.g. BP, McDonald's, Dollar General) as well as eligible commercial accounts with annual usage over 700,000 will be offered the discounts in either plan selected but they must "opt-in" to the program.

J. Universal Service and Low Income Customer Assistance

The Ohio Department of Development (ODOD), under the electric restructuring law, will provide one-stop shopping for low-income assistance programs. There are five low-income assistance programs: 1) Percentage of Income Payment Plan (PIPP); 2) the Home Energy Assistance Program; 3) the Home Weatherization Assistance Program; 4) the Ohio Energy Credit Program; and 5) the Targeted Energy Efficiency and Weatherization Program. Ohio law allows the Director of the Ohio Department of Development to aggregate consumers that participate in PIPP and to competitively auction the generation supply for PIPP customers. Accordingly, PIPP customers may be included in the State's PIPP customer aggregation. To the extent permitted by Ohio

law and the PUCO, PIPP customers will be included the Village's aggregation unless they choose to opt out.

V. MISCELLANEOUS GOVERNANCE GUIDELINES

- A. Village Council shall approve through Resolution or Ordinance the Plan of Operation and Governance for the Aggregation program and any Amendments thereto.
- B. The Village shall contract with only Retail Electric Generation Providers certified by the Public Utilities Commission of Ohio for the provision of Competitive Retail Electric Service to the Aggregation Program Members.
- C. The Village will require any Provider to disclose any subcontractors that it uses in fulfillment of the services described above.
- D. The Village will require the Provider to maintain either a toll free telephone number, or a telephone number that is local to Village residents who are Members.

VI. LIABILITY

THE VILLAGE SHALL NOT BE LIABLE TO MEMBERS IN THE AGGREGATION GROUP FOR ANY CLAIMS WHATSOEVER ARISING OUT OF THE AGGREGATION PROGRAM OR THE PROVISION OF AGGREGATION SERVICES BY THE VILLAGE OR THE PROVIDER. AGGREGATION GROUP MEMBERS SHALL ASSERT ANY SUCH CLAIMS SOLELY AGAINST THE PROVIDER PURSUANT TO THE POWER SUPPLY AGREEMENT, UNDER WHICH SUCH PARTICIPANTS ARE EXPRESS THIRD-PARTY BENEFICIARIES.

VII. INFORMATION AND COMPLAINT NUMBERS

Copies of this Plan are available from the Village of West Unity free of charge. Call 419-924-2215 for a copy or for more information.

Any electric customer, including any participant in the Village's Aggregation Program, may contact the Public Utilities Commission of Ohio (PUCO) for information, or to make a complaint against the Program, the Provider or EDU. The PUCO may be reached toll free at 1-800-686-7826. For all TDD/TYY calls, the PUCO may be reached at 1-800-686-1570.

Appendix A -- Education Process

The Provider will develop an educational program in conjunction with the Village. Its purpose will be to explain the aggregation program to Village Members, provide updates and disclosures as mandated by State law and the rules of the PUCO, and provide the opportunity for the members to opt out of the program. The following are the program components:

1. Each eligible consumer within the Village limits will receive via U.S. Mail notification of: what government aggregation means, their membership in the government aggregation program, the procedure which must be followed in order to opt out of the program, the price that they can expect to receive as a member of the program, and the deadline for returning the opt out form. See the attached letter.
2. The Provider will work with the Village to provide opportunities for educating eligible Village consumers about the Program and their rights under the law, PUCO rules and this Program. In addition, the Provider and Village will work to provide education about and other opportunities for energy efficiency measures to help consumers reduce energy consumption.
3. The Provider will provide updates and disclosures as mandated by State law and rules of the PUCO.
4. The opt-out opportunity will be provided to the Members of the program at least every three years. Should conditions, suppliers, price, or any other component of the program change within the three-year period, participants will be given a notice of their opportunity to opt out of, or into the program.

Appendix B --- Customer Service Plan

A. Member Access:

1. Provider shall ensure Members reasonable access to their service representatives for inquiries, complaints, to discuss charges on Member bills, and transact any other business.
2. Telephone access shall be toll free and afford Members prompt answer times during normal business hours, as follows:

_____ **Corporation**

Address: _____

City: _____, _____

Toll-free telephone number: 1- _____

Hours: _____

3. Provider shall provide a 24-hour automated telephone message instructing callers to report any service interruptions or electrical emergencies to the EDU with appropriate phone numbers.

B. Member Complaints:

1. Provider shall investigate Member complaints (including complaints referred by EDU) and provide a status report within five calendar days following receipt of the complaint to:
 - a. The consumer, when the complaint is made directly to the Provider; or
 - b. The consumer and The PUCO Staff ("Commission Staff"), when a complaint is referred to the Provider by the Commission Staff.
2. If an investigation is not completed within 14 calendar days, the Provider shall provide status reports to the consumer and the Village, or if applicable, to the consumer, the Village, the Village consultant and the Commission Staff. Such status reports shall be provided at five-day intervals until the investigation is complete, unless the action that must be taken will require more than five days and the Member has been so notified.
3. Provider shall inform the Member, or the Member, the Village, Village consultant and Commission Staff, of the results of the investigation, orally or in writing, no later than five calendar days after completion of the investigation. The consumer, the Village, the Village consultant, or Commission Staff may request the report in writing.
4. If a residential consumer disputes the Provider report, it shall inform the consumer that the Commission Staff is available to help resolve informal complaints. Provider shall provide the consumer with the current address, local/toll free

telephone numbers, and TDD/TTY telephone numbers of the Commission's consumer services department.

5. Provider shall retain records of Member complaints, investigations, and complaint resolutions for one year after the occurrence of such complaints, and shall provide such records to the Commission Staff within five calendar days of request.
6. Provider shall make good faith efforts to resolve disputes.

C. Member Billing and Payments

1. Provider shall arrange for EDU or its agent to bill Members for such services according to a tariff approved by the commission. Residential Member bills issued by or for the Provider shall be accurate and understandable, be rendered at intervals consistent with those of EDU, and contain sufficient information for Members to compute and compare the total cost of competitive retail electric service (s). Such bills shall also include:
 - a. The Member's name, billing address, service address, the Member's EDU account number, and if applicable, Provider account number;
 - b. The dates of service covered by the bill, an itemization of each type of competitive service covered by the bill, any related billing components, the charge for each type of service, and any other information the Member would need to recalculate the bill for accuracy;
 - c. The applicable billing determinants, including beginning meter reading, ending meter reading(s), demand meter reading(s), multipliers, consumption(s), and demands;
 - d. For Member-generators with net metering contracts, a statement of the net metered generation;
 - e. The unit price per kWh charged for competitive service, as calculated by dividing current-period competitive service charges by the current-period consumption;
 - f. An identification of the provider of each service appearing on the bill;
 - g. The amount billed for the current period, any unpaid amounts due from previous periods, any payments or credits applied to the Member's account during the current period, any late payment charges or gross and net charges, if applicable, and the total amount due and payable.
2. The due date for payment to keep the account current. Such due date shall be no less than:
 - a. Fourteen days after the postmark date on the bill for residential Member; and Twenty-one days after the postmark date on the bill for nonresidential Members;
 - b. Current balance of the account, if a residential Member is billed according to a budget plan;
 - c. Options and instructions on how Members may make their payments;

- d. For each provider whose charges appear on the bill, a listing of the provider's toll-free telephone number and address for Member billing questions or complaints;
 - e. A listing of the toll-free consumer assistance telephone numbers and available hours for applicable state agencies, such as the commission, the Ohio Consumers' Counsel, and the Ohio Attorney General's office;
 - f. The EDU 24-hour local/toll-free telephone number for reporting service emergencies;
 - g. Identification of estimated bills or bills not based upon actual end-of-period meter readings for the period; and
 - h. An explanation of any codes and abbreviations used.
- 3. If applicable, Provider will, upon request, provide Members with the name and street address/location of the nearest payment center and/or authorized payment agent.
 - 4. If applicable, when a Member pays the bill at a payment center or to an authorized payment agent, such payment shall be credited to the Member's account as of the day such payment center or agent receives it.
 - 5. The Village and Provider shall establish policies and procedures for handling billing disputes and requests for payment arrangements.

D. Collections for delinquent accounts:

The EDU's credit and collection policies will apply to Program Members and shall be administered by the EDU. Neither the Governmental Aggregator, nor Provider, will implement additional policies with respect to credit, deposits and collections. Failure to pay for Competitive Retail Electric Services may result in cancellation of the Member's contract with the Provider, and return the Member to the EDU's Standard Service Offer.

Village of West Unity, Williams County

Exhibit B-3

Automatic Aggregation Disclosure – Opt –out Form

March 2, 2018

Opt-Out Deadline

March 23, 2018

Village of West Unity
Electric Aggregation Enrollment Notification

Dear Resident or Small Business,

Welcome to your community's electric aggregation program which provides you the opportunity to save money on your electric bill. These savings are possible through governmental aggregation, a community purchasing program where community officials use group buying power to purchase electricity from a retail electric generation supplier certified by the Public Utilities Commission of Ohio. This program was approved by voters in your community in November 2011.

How You Benefit

By participating in this aggregation program, you will receive exclusive pricing on your electric generation:

	Your Electric Utility	Variable Price	Term End	Early Termination Fee
Residential	Toledo Edison	6% off Price to Compare	May 2021	\$25.00
Small Business	Toledo Edison	4% off Price to Compare	May 2021	\$50.00

FirstEnergy Solutions, a subsidiary of FirstEnergy Corp., has been selected by your community to provide your electric generation. If you're not already participating, this is your chance to join. If you're already participating, this is your opportunity to extend your savings.

Same Reliable Service

Your electric utility will continue to maintain the system that delivers power to your home or business – no new poles or wires will be built by FirstEnergy Solutions. You will continue to receive a single, easy-to-read bill from your local electric utility with your FirstEnergy Solutions charges included. The only thing you'll notice is savings. There is no cost for enrollment, you will not be charged a switching fee, and **you do not need to do anything to participate.**

Enrollment Information

If you are not currently receiving electric generation from FirstEnergy Solutions, your electric utility will send you a letter confirming your selection of FirstEnergy Solutions as your electric generation provider. As required by law, this letter will inform you of your option to cancel your contract with FirstEnergy Solutions within seven days of its postmark. To become a member of the community's electric governmental aggregation program, you don't need to take any action when this letter arrives. If you are currently enrolled in the community's aggregation program, you will not receive a letter from your electric utility.

Opt-Out Information

If you are a new member of the program, your future bills will reflect the electric price listed above from FirstEnergy Solutions after your enrollment has been completed and your switch has been finalized – approximately 30-45 days, depending upon your meter read date. Of course, you are not obligated to participate in the community's electric governmental aggregation program. If you do not want to participate in this savings program, you have until the opt-out deadline to return the attached "opt-out" form below. If you do not opt out at this time and leave the program at a later date, you might not be served under the same rates or terms and conditions that apply to other customers served by your utility. Once enrolled, you will receive a notice at least every three years asking if you wish to remain in the program. If you leave the program at any other time, you could be subject to the early termination fee listed above.

Please refer to the enclosed Terms and Conditions and FAQs for more information. If you have any questions, please call FirstEnergy Solutions toll-free at 1-866-636-3749, Monday through Friday, 8 a.m. to 5 p.m. **Please do not contact your community with electric aggregation program questions.**

Sincerely,

Village of West Unity

OPT-OUT FORM

Option 1: Do Nothing to Save You will be enrolled automatically if you do not respond to this letter.	OR	Option 2: Return this Opt-Out Form To opt out, this form must be received by FirstEnergy Solutions by the deadline.	Opt-Out Deadline March 23, 2018
---	-----------	---	---

Service Address (City, State, Zip): _____

Phone Number: _____

Account Number: _____

Account Holder Signature: _____

☐ By checking this box, I choose to opt out of my community electric governmental aggregation program.

Return opt-out form to: Community Electric Aggregation Program, 341 White Pond Drive, Bldg. B3, Akron, Ohio 44320

How is my community able to choose a certified electric generation supplier on my behalf?

Under governmental aggregation, local officials bring citizens together to gain group buying power for the purchase of competitively priced electricity from a retail electric generation supplier certified by the Public Utilities Commission of Ohio (PUCO). Residents voted to allow the community to contract for an electric generation supplier on their behalf.

What do I need to do if I want to be included in this governmental aggregation?

You do not need to do anything to receive the discounted generation pricing under this program. You may choose to remain in the aggregation group and begin receiving your discount by simply not returning the opt-out form.

Is my price for power fixed, or does it vary?

The information in your letter states if your price is fixed, variable, or variable based on a tiered pricing structure. If you have a fixed price, the price you will receive each month does not change. With a variable price, the discount you will receive each month does not change. But because the actual price per kWh charged by the utility may change each month (based on the season and your usage), the price per kWh from FirstEnergy Solutions will also change each month. If you receive a variable price, based on a tiered pricing structure, your initial price will remain consistent each month through the meter-read date of the first tier outlined in your Agreement's Terms & Conditions. At that time, your price will change but then remain consistent each month for the rest of your Agreement.

How will I know if I can save money under the electric governmental aggregation program?

You'll know you are saving money as long as your price with FirstEnergy Solutions is lower than your utility's Price to Compare (PTC). To estimate your savings on a % off discount, locate the PTC on your electric bill. Divide your PTC by 100, then multiply it by the % discount (ex: 6% = 0.06) to determine your savings per kWh. Multiply this by your total monthly usage for an average monthly savings estimate.

If I am already a member of this program, why am I receiving this letter?

As a current member of your community's electric governmental aggregation program, you are given the opportunity to opt out of the program at least every three years at no charge. Your previous contract with FirstEnergy Solutions is coming to an end, and this is your opportunity to either opt out or continue saving with FirstEnergy Solutions.

What does "opt out" mean?

"Opt-out" means that you can decide not to participate in your community's electric governmental aggregation program. By returning the opt-out form, which is included in

this mailing, by the Opt-Out Deadline you will not be enrolled as an electric generation customer with FirstEnergy Solutions, your community's competitive electric generation supplier, and you will not receive the discount.

What happens if I do not send in the opt-out form?

If you do not return the opt-out form by the Opt-Out Deadline, you will be included in your community's governmental aggregation program and will receive competitively priced electricity from FirstEnergy Solutions.

Can I opt out over the phone?

No, if you want to opt out, you must mail in your completed opt-out form and it must be received by the Opt-Out Deadline.

Can I opt out of the program at a later date?

Yes, you may leave the aggregation program at any time.

What are my energy supply choices if I decide to opt out?

You can stay with your current electric utility, which will continue to supply your electric generation as it always has, or you can shop for an alternative generation supplier. A list of competitive electric suppliers certified by the PUCO and their current prices are available by calling 1-800-686-PUCO (1-800-686-7826).

If I join the aggregation, will FirstEnergy Solutions continue to budget bill my supplier charges?

Yes. Toledo Edison, The Illuminating Company, Ohio Edison and Duke Energy include supplier charges in the monthly budgeted amount. Budget billing supplier charges is limited in AEP Ohio's and DP&L's service areas. Please call 1-866-636-3749, if you have questions regarding budget billing in your area.

Can I still have my payment automatically deducted from my checking account as I do now?

Yes. How you pay your electric bill will not change.

If I join my community's governmental aggregation program, who will deliver my power, read my meter and respond to emergencies, such as power outages?

Your electric utility will still be responsible for delivering power to your home or business, reading your meter and restoring power after an outage.

Who is FirstEnergy Solutions?

FirstEnergy Solutions, a subsidiary of FirstEnergy Corp., is a leading competitive supplier of energy to residential and commercial and industrial customers in Ohio, Pennsylvania, New Jersey, Maryland, Illinois and Michigan.

What is the toll-free number for questions?

If you have any questions, please call 1-866-636-3749, Monday through Friday, 8 a.m. to 5 p.m.

Residential and Small Commercial - Terms and Conditions

Governmental Aggregation Product	Variable Price – % OFF PTC
Electric Distribution Utility ("EDU")	The Toledo Edison Company
Price and Length of Agreement	6% off your EDU Price to Compare ("PTC") through your May 2021 meter read
Cancellation/Termination Fee	\$25.00

These Terms and Conditions apply to you because you are enrolling for electric generation service with FirstEnergy Solutions Corp. ("FES") through either (a) affirmative consent or (b) not opting out of your community aggregation program. If you enroll by affirmative consent, these Terms and Conditions and the enrollment information on the website are your Agreement ("Agreement"). If you choose to remain in the community aggregation program by not "opting-out" or exercising the right of rescission, these Terms and Conditions and your opt-out notification are your Agreement. Please keep a copy of this Agreement for your records.

FES is certified by the Public Utilities Commission of Ohio ("PUCO") to offer and supply electric generation services in Ohio. As a Competitive Retail Electric Service ("CRES") provider, FES will supply the electric generation to your EDU based on your usage. Your EDU then distributes or delivers the electricity to you. FES sets the generation prices and charges that the customers pay. The PUCO regulates distribution prices and services. The Federal Energy Regulatory Commission ("FERC") regulates transmission prices and services.

Definitions: *Generation Charge* – Charge for the production of electricity. *Transmission Charge* – Charge for moving high voltage electricity from a generation facility to the distribution lines of the EDU. *Distribution Service* – Physical delivery of electricity to customers by the EDU.

Right of Rescission: If you do not opt-out or you give your affirmative consent and are enrolled to receive generation service from FES, your EDU will send you a confirmation notice of transfer of service. You will have the right to rescind your enrollment within seven (7) calendar days following the postmark date of the confirmation notice by following the instructions contained in the notice. The Right of Rescission only applies when a customer switches to a generation supplier and not on renewal enrollments. Your EDU will not send a confirmation notice upon any renewal of this Agreement. Should you choose to opt-out of your community's program, you will be served by your EDU's standard service offer established pursuant to section 4928.14 of the Ohio Revised Code ("ORC") unless you choose an alternate supplier of electricity.

Eligibility: Only eligible residential customer accounts not enrolled in the Percentage of Income Plan Program ("PIPP") and eligible small commercial customers may enroll in this offer from FES. FES reserves the right to refuse enrollment to any customer with an outstanding electric bill balance.

Basic Service Prices: During the term of this Agreement, you agree to pay FES a price indicated in the table above for a total combined Transmission, Generation and Generation Related Charge ("Retail Electric Service"). Your Price to Compare ("PTC") consists of bypassable transmission, generation and transmission and generation related components, which are charges associated with the costs of purchased power and the cost to deliver the power through the transmission system. These are the charges that you would avoid for that billing period when you switch to FES. If your product in the table above is a % Off PTC product, your monthly price per kWh will vary because the EDU's PTC may change based on any changes made by the EDU in its calculations. In addition to FES' charges, you will be charged by your EDU for distribution and various other charges. Your price may also include a fee assessed by a broker or agent representing your community.

Length of Agreement: As a part of your community's program, your Retail Electric Service from FES will start on your next available meter read after processing of the enrollment by your EDU, and continue through the term indicated in the table above. The program may be terminated prior to the term pursuant to the terms of the master agreement between FES and your community for the aggregation program. Should the program be terminated, you will be returned to your EDU's standard service offer or its successor. In the event that (1) the PUCO approves or implements a phase-in credit for generation and/or transmission charges of the EDU or takes any other action which affects the PTC or otherwise does not allow the EDU to reflect the full cost to procure generation and transmission in the PTC or other regulatory action; or (2) there is any change in any statute, rule, regulation, order, law, or tariff promulgated by any court, governmental authority, utility, Independent System Operator ("ISO"), Regional Transmission Organization ("RTO") or other service provider, or any change in operating procedure, which alters to the detriment of FES its costs to perform under this Agreement, you may receive a notification from FES. This notification will include a description of one or more of the situations described above. FES may offer you new Terms and Conditions. You must indicate your affirmative consent to the new Terms and Conditions as specified in the notices. If you do not contact FES to accept the new terms, this Agreement will terminate on the date specified in the notices, and you may be returned to your EDU for Retail Electric Service. Alternatively, FES may decide to terminate this Agreement, and you will receive prior written notice of the termination, after which you may be returned to your EDU for Retail Electric Service. Whether FES offers you new terms or terminates this Agreement under this provision, you will not be responsible for the cancellation/termination fee (if any) set forth in the table above. You must still pay all FES charges through the date you are returned to your EDU or switched to another CRES provider for service.

Billing: You will continue to receive a single bill from your EDU that will contain both your EDU and FES charges. FES reserves the right to unilaterally modify this billing format in the event your EDU is unable or unwilling to provide consolidated billing in this format or changes the calculation of the PTC. If you do not pay your bill by the due date, FES may cancel this Agreement after giving you a minimum of fourteen (14) days written notice. Upon cancellation you will be returned to your EDU as a customer. You will remain responsible to pay FES for any electricity used before this Agreement is cancelled, as well as any late payment charges. If you have 12 months of billing history and you are enrolled in budget billing with the EDU, you can enroll in a budget billing program once per year. At the end of the contract term, you are responsible for payment of any outstanding balance upon final contract true up. FES reserves the right to adjust your monthly budget amount prior to final contract true up. If you enroll in budget billing, then choose not to be in the program or if you become two consecutive monthly payments overdue, you will be removed from budget billing, your account will be reconciled, and you will be billed for the outstanding budget balance on your next billing cycle. Failure to pay electric utility charges may result in you being disconnected in accordance with your EDU's tariff.

Penalties, Fees and Exceptions: If you do not pay the full amount owed FES by the due date of the bill, FES may charge a 1.5% per month late payment fee.

Cancellation/Termination Provisions: You may terminate this Agreement, without penalty, if you move out of the EDU service territory or into an area where FES charges a different price. There may be a Cancellation/Termination Fee indicated in the table above if you terminate this Agreement for any other reason, except as expressly provided herein. Upon termination with FES and return to the standard service offer with your EDU, you may not be served under the same rates, terms, and conditions that apply to other EDU customers.

Customer Consent and Information Release Authorization: By choosing not to opt-out of your community's aggregation program, or to affirmatively join it, you understand and agree to the terms and conditions of this Agreement with FES. You authorize FES to obtain information from the EDU that includes, but is not limited to: billing history, payment history, historical and future electricity usage, meter readings, and characteristics of electricity service. FES reserves the sole right to determine if your credit standing is satisfactory before accepting your enrollment request. This Agreement shall be considered executed by FES following acceptance of your enrollment request by FES, the end of the 7-day rescission period, and subsequent acceptance of the enrollment by your EDU.

Contract Expiration: At least every three (3) years, you will be given the opportunity to opt-out of your community's aggregation program at no cost. You are responsible for arranging for your electric supply upon termination of this Agreement.

Dispute Procedures: Contact FES with any questions concerning the terms of service by phone at 1-888-254-6359 (toll-free) M-F 8:00 am to 5:00 pm EST or in writing at 341 White Pond Drive, Attn: Contract Administration, Akron, OH 44320. Our web address is www.fes.com. If your complaint is not resolved after you have called your electric supplier and/or your electric utility, or for general utility information, residential and business customers may contact the PUCO for assistance at 1-800-686-7826 (toll free) M-F 8:00 a.m to 5:00 pm EST or at www.puco.ohio.gov. Hearing or speech impaired customers may contact the PUCO via 7-1-1 (Ohio Relay Service). The Ohio Consumers' Counsel ("OCC") represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) M-F 8:00 am to 5:00 pm EST, or at www.pickocc.org.

Force Majeure Termination: FES will make commercially reasonable efforts to provide your electric service, but does not guarantee a continuous supply of electricity. Certain causes and events are out of FES' reasonable control ("Force Majeure Event(s)") and may result in interruptions in service. FES will not be liable for any such interruptions caused by a Force Majeure Event, including but not limited to, acts of God, war, civil disturbance, insurrection, terrorism, fire, flood, earthquake, acts of default of common carriers, strikes, boycotts, unforeseen maintenance, unforeseen shutdowns or deficiencies of sources of supply, inability to access the local distribution utility system, nonperformance by the EDU or other similar circumstances beyond FES' reasonable control.

Miscellaneous: You have the right to request from FES, twice within a 12-month period, up to 24 months of payment history, without charge. FES will not release your Social Security number and/or account number(s) without your written consent except for FES' collections and reporting, participating in programs funded by the universal service fund, pursuant to ORC section 4928.54, or assigning a customer's contract to another CRES provider. FES' environmental disclosure statement is available for viewing on our website www.fes.com. FES will make the required quarterly updates to the statement electronically on our website and will also provide the information upon request. FES may assign its rights to another CRES provider, including any successor, in accordance with the rules and regulations of the PUCO. FES assumes no responsibility or liability for the following items that are the responsibility of the EDU: operation and maintenance of the EDU's electrical system, any interruption of service, termination of service, or deterioration of the EDU's service. In the event of a power outage, you should contact your local EDU. You are responsible for providing FES with accurate account information. If said information is incorrect, FES reserves the right to reprice the applicable account(s) or terminate the Agreement. FES reserves the right to return any customer to the EDU if the customer's rate code is changed and the account is no longer eligible for this program.

Warranty: FES warrants title and the right to all electricity sold hereunder. THE WARRANTIES SET FORTH IN THIS PARAGRAPH ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ARISING OUT OF ANY COURSE OF DEALING OR USAGE OF TRADE.

Residential and Small Commercial - Terms and Conditions

Governmental Aggregation Product	Variable Price – % OFF PTC
Electric Distribution Utility ("EDU")	The Toledo Edison Company
Price and Length of Agreement	4% off your EDU Price to Compare ("PTC") through your May 2021 meter read
Cancellation/Termination Fee	\$50.00

These Terms and Conditions apply to you because you are enrolling for electric generation service with FirstEnergy Solutions Corp. ("FES") through either (a) affirmative consent or (b) not opting out of your community aggregation program. If you enroll by affirmative consent, these Terms and Conditions and the enrollment information on the website are your Agreement ("Agreement"). Village of West Unity, Williams County

Exhibit B-4

Experience

Experience

Village of West Unity officials are experienced in negotiating and providing for common services for the Village. However, due to the complexity of Governmental Aggregation, the Village selected Palmer Energy Company, to assist them in designing, implementing and maintaining the Program.

Palmer Energy Company is a Toledo based energy consulting firm founded in 1980. Palmer Energy was a natural gas industry pioneer by working on their customers' behalf as an external consultant. Purchased by Mark Frye in 1994, Palmer Energy has become a leader in unbiased energy management and consulting. While its evolution continues alongside the energy industry, Palmer Energy Company is dedicated to operating as an integral member of a client's energy management team.

Palmer Energy is also the energy consultant for The Northwest Ohio Aggregation Coalition (NOAC). NOAC is a coalition of communities in Lucas and northern Wood Counties providing governmental aggregation services for electric and natural gas customers within the Cities of Maumee, Northwood, Oregon, Perrysburg, Rossford, Sylvania, Toledo and Waterville, the Villages of Delta, Holland, Ottawa Hills and Walbridge, the Wood County Townships of Lake and Perrysburg, and all the unincorporated township areas of Lucas County (through the Board of County Commissioners, Lucas County, Ohio). Mark Frye, President of Palmer Energy, is NOAC's designated consultant and has testified on behalf of NOAC in several matters before the Public Utilities Commission of Ohio.

Palmer Energy recently partnered with the Ohio Municipal League to help manage a natural gas and electric program for the facilities, as well as electric and natural gas government aggregation programs for the residents of member cities and villages. This program was designed specifically to help cities and villages save money on their natural gas and electric bills by utilizing the strength of group buying.

Palmer Energy Company will:

- Assist the day to day administration of program (problem resolution, press releases, PUCO compliance, supplier liaison, contract review, etc.)
- Design and issue the Request for Proposal, analyze supplier responses and provide recommendations for the supply agreement.
- Review customer data provided by the utility that would serve as the basis for an opt-out notice. Provide customer service support for consumers in the Village to call for information during the 21-day enrollment and opt out period for the Village's Aggregation Program.
- Respond to customer inquiries, billing questions and/or complaints. While the billing of customers for the retail generation supply will be provided through the electric distribution utility, Ohio Power, and the billing process will be coordinated with Ohio Power by the selected supplier, for the Aggregation Group, Palmer Energy will offer assistance as needed on behalf of the Village.

- Write and prepare reports on a quarterly/annual basis to the Village, PUCO, PUCO's Market Monitoring division, and the Ohio Consumers' Counsel.
- Palmer Energy is well versed in the rules adopted by the PUCO, and is thus in a position to ensure compliance with all applicable provisions of Section 4928.10 of the Revised Code, and the rules adopted by the Commission pursuant thereto.

AFFIDAVIT

State of Ohio :

West Unity ss.
(Village)

County of Williams :

Joshua Fr. tsch, Affiant, being duly sworn/affirmed according to law, deposes and says that:

He/She is the Joshua Fr. tsch (Office of Affiant) of Village of West Unity (Name of Applicant); That
he/she is authorized to and does make this affidavit for said Applicant,

1. The Applicant herein, attests under penalty of false statement that all statements made in the application for certification renewal are true and complete and that it will amend its application while the application is pending if any substantial changes occur regarding the information provided in the application.
2. The Applicant herein, attests it will timely file an annual report with the Public Utilities Commission of Ohio of its intrastate gross receipts, gross earnings, and sales of kilowatt-hours of electricity pursuant to Division (A) of Section 4905.10, Division (A) of Section 4911.18, and Division (F) of Section 4928.06 of the Revised Code.
3. The Applicant herein, attests that it will timely pay any assessments made pursuant to Sections 4905.10, 4911.18, or Division F of Section 4928.06 of the Revised Code.
4. The Applicant herein, attests that it will comply with all Public Utilities Commission of Ohio rules or orders as adopted pursuant to Chapter 4928 of the Revised Code.
5. The Applicant herein, attests that it will cooperate fully with the Public Utilities Commission of Ohio, and its Staff on any utility matter including the investigation of any consumer complaint regarding any service offered or provided by the Applicant.
6. The Applicant herein, attests that it will fully comply with Section 4928.09 of the Revised Code regarding consent to the jurisdiction of Ohio Courts and the service of process.
7. The Applicant herein, attests that it will comply with all state and/or federal rules and regulations concerning consumer protection, the environment, and advertising/promotions.
8. The Applicant herein, attests that it will use its best efforts to verify that any entity with whom it has a contractual relationship to purchase power is in compliance with all applicable licensing requirements of the Federal Energy Regulatory Commission and the Public Utilities Commission of Ohio.
9. The Applicant herein, attests that it will cooperate fully with the Public Utilities Commission of Ohio, the electric distribution companies, the regional transmission entities, and other electric suppliers in the event of an emergency condition that may jeopardize the safety and reliability of the electric service in accordance with the emergency plans and other procedures as may be determined appropriate by the Commission.
10. If applicable to the service(s) the Applicant will provide, the Applicant herein, attests that it will adhere to the reliability standards of (1) the North American Electric Reliability Council (NERC), (2) the appropriate regional reliability council(s), and (3) the Public Utilities Commission of Ohio. (Only applicable if pertains to the services the Applicant is offering)

11. The Applicant herein, attests that it will inform the Commission of any material change to the information supplied in the renewal application within 30 days of such material change, including any change in contact person for regulatory purposes or contact person for Staff use in investigating customer complaints.
12. The Applicant herein, attests that if the opt-out is in draft form, the Applicant will docket the final opt-out (including beginning and ending dates of the 21-day -out period and the selected CRIS supplier) with the Commission within 10 days prior to providing or offering service.

That the facts above set forth are true and correct to the best of his/her knowledge, information, and belief and that he/she expects said Applicant to be able to prove the same at any hearing hereof.
