SUBJECT: Dayton Power & Light Company - Regarding PUCO

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

Comments: "This isn't a complaint but the "click here to leave a comment" brought me to this page.

PUCO should absolutely endorse a policy by which new EV chargers are encouraged. These will increase power company revenue while reducing global warming emissions (ICE >> EV) and the new administration is going to be pushing EV use over legacy internal combustion engines whenever possible."

Sincerely,
