DOCKETING CASE #:

SUBJECT: Dayton Power & Light Company - Regarding PUCO

Please docket the associated customer comment highlighted in red below in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

"I am writing in support of Dayton Power & Light's Grid Modernization Case submitted in Oct 2020 and in particular of DPL's support of EV charging contained within the Case. I believe movement to EV's is a critical component of addressing the climate change problems we are facing today and in the future. We need to encourage ubiquity of EV charging opportunities to address one of the most significant impediments

to EV adoption. I fully support DPL's proposed support of EV charging."

Sincerely,

Kenya Spencer
