**Subject:** Birch Solar

Hi I am writing this to let you know that I am against the Birch Solar project. I just moved to my house in Hume/Shawnee area just 2 years ago so I could be still in the country I love where I live and just a few weeks ago I saw an eagle in a field on Hume road but it flew by the time I could get a picture of it while I was driving. I love watching the deer and the view on sunshine days like today with the beautiful snow. I was raised in the country and I love the country. I dont want my well water contaminated and I dont want to look at them solar panels every where I turn they are sore to my eyes and I also dont want my property value to decrease either. Thank you. Trista Johnson
