

# THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE THROUGHPUT  
REPORTS FOR CALENDAR YEAR 2020 FOR  
THE FISCAL ASSESSMENT OF ALL  
OPERATORS.

CASE NO. 21-02-PL-RPT

## ENTRY

Entered in the Journal on February 10, 2021

### I. SUMMARY

{¶ 1} In order to facilitate the fiscal assessments deposited into the pipeline safety fund, the Commission directs all operators to file, by March 30, 2021, a throughput report for calendar year 2020 through the web-based filing system known as the PUCO Community. Those operators that fail to submit a timely report for 2020 may be subject to a forfeiture pursuant to R.C. 4905.95.

### II. DISCUSSION

{¶ 2} R.C. 4905.92(A) requires the Commission to assess against all operators an amount equal to the appropriation in each fiscal year from the pipeline safety fund, which is used by the Commission to administer and enforce R.C. 4905.90 to 4905.96 and the pipeline safety code.<sup>1</sup> The statute provides that the assessment against each operator shall be based on the total volumes, measured in units per thousand cubic feet (Mcf), of gas that the operator supplied or delivered in this state during the calendar year next preceding the assessment. The statute also sets a minimum assessment of \$75 per operator. Additionally, R.C. 4905.92(B) provides that, for the purpose of computing the assessment, each operator

---

<sup>1</sup> R.C. 4905.90(J) defines an “operator” as any of the following: a gas company or natural gas company as defined in R.C. 4905.03, except that R.C. 4905.03(E) does not authorize the Commission to relieve any producer of gas, as a gas company or natural gas company, of compliance with R.C. 4905.90 to 4905.96 or the pipeline safety code created under R.C. 4905.91; a pipeline company, as defined in R.C. 4905.03, when engaged in the business of transporting gas by pipeline; a public utility that is excepted from the definition of “public utility” under R.C. 4905.02(A)(2) or (A)(3), when engaged in supplying or transporting gas by pipeline within this state; any person that owns, operates, manages, controls, or leases intrastate pipeline transportation facilities within this state, gas gathering lines within this state that are not exempted by the Natural Gas Pipeline Safety Act, or a master-meter system within this state. “Operator” does not include an ultimate consumer who owns a service line, as defined in 49 C.F.R. 192.3, as amended, on the real property of that ultimate consumer.

designated by the Commission shall notify the Commission, no later than 90 days after the end of the calendar year next preceding the assessment, of the total Mcfs of gas that the operator supplied or delivered in this state during that calendar year. R.C. 4905.92(C) specifies that, on or before the first day of October in each year, the Commission shall notify each operator of the amount assessed against it and that the operator shall pay the assessment to the Commission, no later than 30 days after the date on which the notice is given.

{¶ 3} Accordingly, all operators that conducted jurisdictional operations during calendar year 2020 are directed to complete and submit the Commission's throughput report, no later than March 30, 2021, through the web-based filing system known as the PUCO Community. Through the PUCO Community, operators are now able to submit their throughput report and pay the fiscal assessment securely online with no additional fees.

{¶ 4} Attached to this Entry is a list of all operators subject to the gas pipeline safety fiscal assessment for the 2020 calendar year, based on Commission records. Each operator on the list must submit its annual throughput report through the PUCO Community by March 30, 2021.

{¶ 5} PUCO Community users are required to create an OH|ID account for authentication and login. The OH|ID platform creates one simple and secure location to access information and conduct business with the state of Ohio. It is built on the most modern security technology, is compliant with federal security guidelines, and is tested and enhanced regularly. For more information, operators should refer to Attachment A to this Entry; visit <https://puco.ohio.gov/pucocommunity>; or call the Commission's Call Center at 1-800-686-PUCO (7826).

{¶ 6} Once operators receive access to the PUCO Community, they can file throughput reports beginning February 10, 2021, by visiting <https://puco.ohio.gov/pucocommunity>. Operators will receive a notification when the system is available to receive filings. In addition to reporting the total Mcfs of gas supplied

or delivered in this state, each operator is requested to verify and update the docketing contact, who will receive official legal notice or service of process on behalf of the regulated entity, and the fiscal contact, who will receive and have authority to pay online the gas pipeline safety assessment or other invoices from the Commission.

{¶ 7} All operators are hereby put on notice that the Commission expects timely compliance with the requirements of R.C. 4905.92. All operators should be aware that a civil forfeiture of up to \$100,000 for each day of noncompliance may be assessed, pursuant to R.C. 4905.95, against any operator that fails to comply by the March 30, 2021 deadline, absent good cause shown. Such forfeiture would be in addition to any amounts owed to the Commission.

{¶ 8} Additionally, all operators should subscribe to the appropriate Commission industry service list, which can be done by submitting an electronic mail address to the Commission's Docketing Division under "Industry Service List Subscriptions" at: <https://puco.ohio.gov/wps/portal/gov/puco/documents-and-rules/resources/industry-servicelist>. The Commission uses the industry service lists to send notices, forms, and industry-specific communications, such as noticing a rulemaking proceeding or compliance with other reporting obligations to the Commission. It is recommended that operators subscribe multiple addresses or consider the use of generic mailboxes rather than individual employee mailboxes and take appropriate actions to ensure that email from the Commission is not blocked or disabled.

{¶ 9} Any operator that is unable to use electronic mail service for notices or communications, or the PUCO Community for filing its annual throughput report, should contact the Commission's Call Center at 1-800-686-PUCO (7826) to request special accommodations.

### III. ORDER

{¶ 10} It is, therefore,

{¶ 11} ORDERED, That each operator subject to the gas pipeline safety fiscal assessment for the 2020 calendar year submit its annual throughput report by March 30, 2021. It is, further,

{¶ 12} ORDERED, That notice of this Entry be sent to the gas-pipeline industry service list. It is, further,

{¶ 13} ORDERED, That a copy of this Entry be served upon all operators under the Commission's jurisdiction and all other interested persons of record.

**COMMISSIONERS:**

*Approving:*

M. Beth Trombold  
Lawrence K. Friedeman  
Daniel R. Conway  
Dennis P. Deters

## Attachment A – Entry 21-02-PL-RPT

### **What is the PUCO Community?**

The PUCO Community is an online service for regulated businesses to view certificates, file annual reports, pay annual assessments and more.

### **How do I access the PUCO Community?**

Users must access the PUCO Community using their OH|ID account. OH|ID is a centralized, secured portal designed for Ohioans to access information and conduct business with a variety of state agencies, all in one place.

If you do not have an OH|ID, you will need to create one. If you are already a PUCO Community user, we recommend using the same email address for OH|ID that you use for PUCO Community to allow for automatic access. If you are not sure which email address you used for PUCO Community, please contact us by phone: (800) 686-PUCO (7826) or email: [ContactThePUCO@puco.ohio.gov](mailto:ContactThePUCO@puco.ohio.gov).

If you already have an OH|ID, log in to [OH|ID \[http://ohid.ohio.gov/\]](http://ohid.ohio.gov/) and select the PUCO Community tile from your dashboard or the *Sites & Applications* section. Prior to accessing the PUCO Community, you may be asked to complete a request form to ensure you have access to the appropriate services within the PUCO Community. A user guide is available on the PUCO Community page if you need assistance with the request access form.

To create an OH|ID or for more information, please visit the [PUCO Community page \[https://puco.ohio.gov/pucocommunity/\]](https://puco.ohio.gov/pucocommunity/).

### **Why do I need an OH|ID?**

OH|ID provides users with a more secure and private experience during online interactions with state programs. Users with an OH|ID account can access multiple state applications by only entering their username and password once.

OH|ID is powered by the [InnovateOhio Platform \[https://innovateohio.gov/wps/portal/gov/innovate/platform/digital-identity\]](https://innovateohio.gov/wps/portal/gov/innovate/platform/digital-identity), a key component of Governor Mike DeWine and Lt. Governor Jon Husted's InnovateOhio vision to improve citizen interactions with the state by making them more dynamic, data-driven, and customer-centered.

**Questions?** [OH|ID Help Center \[https://ohid.ohio.gov/wps/portal/gov/ohid/help/\]](https://ohid.ohio.gov/wps/portal/gov/ohid/help/)

We're here to help. Please contact us by phone: (800) 686-PUCO (7826) or email: [ContactThePUCO@puco.ohio.gov](mailto:ContactThePUCO@puco.ohio.gov).
