**Onix Energy LLC**  
**Case Nos. 20-1738-EL-AGG and 20-1739-GA-AGG**

On November 23, 2020, Onix Energy LLC (Onix) filed applications with the Commission seeking certification as a competitive retail electric service (CRES) provider, and as a competitive retail natural gas service (CRNGS) provider. On December 23, 2020, the certification applications were suspended in order to give the Commission and Staff additional time to consider the applications.

The applications, as amended, do not include all the necessary information to complete a thorough review of the Applicant's ability to provide CRES and CRNGS in Ohio. Since the suspension of these applications on December 23, 2020, there has been no additional information filed in the dockets, and the applications remain incomplete. After additional communication, Onix has decided to not pursue certification at this time and will re-apply at a later date when all necessary information has been obtained. Therefore, Staff is recommending that both of these applications be dismissed.
