"Birch Solar, LLC" apparently has changed their name to Birch Solar 1, LLC"

Original Announcement: <https://opsb.ohio.gov/wps/portal/gov/opsb/cases/20-1605-EL-BGN>

Submitted Application: <http://dis.puc.state.oh.us/DocumentRecord.aspx?DocID=89d479de-c8de-4190-9a29-2816b2bf4bd7>

Birch Solar 1, LLC needs to hold a new information meeting with the revised name. The new name may not appear significantly different but that is a major difference with the "1" in the name. This would lead one to believe that we will see a Birch 2, 3, etc. (Hardin 1, 2, & 3 as an example). This needs to be clarified in new information meetings. The application submitted is very different application from what was previously outlined. Again, the process needs to start again for the NEW company, Birch Solar 1, LLC.

Note the following from the application: "Beginning in the very early stages of development, the Applicant had originally notified the community of a larger Project Area (3,529 acres) and had based the notification for the public information meetings on that larger Project Area."

Please show me in any documentation or based on the transcripts of the information meetings where the project area was discussed as 3,529 acres. Very confused.

Again, the process needs to start again with new name and a really layout from what was discussed.
