Dear Ms. Pirik:

This letter is to inform you that the above referenced application, filed with the Ohio Power Siting Board (Board) on December 18, 2020, has been found to comply with Chapters 4906-01, et seq., of the Ohio Administrative Code (Ohio Adm.Code). This means the Board's staff (Staff) has received sufficient information to begin its review of this application. During the course of its investigation, please be advised that Staff will require additional information to be provided to Staff to ensure Staff can continue to conduct its review of the application, including but not limited to:

- Final concurrence, a memorandum of understanding or a programmatic agreement from the Ohio Historic Preservation Office (OHPO) on specific avoidance or mitigation measures for impacts from the project on archaeological and historic/architecture sites.

Failure to promptly and completely respond to Staff may result in an inability of Staff to file a fully investigated Staff Report of Investigation to the Board. Pursuant to Board rules, the certified application and supplements must now be filed with the Board in accordance with the provisions of Ohio Adm.Code Rules 4906-3-06 and 4906-3-07. In summary form, these rules require:

In this regard, please inform these officials in writing that if they wish to intervene in the proceeding, they must file a notice of intervention with the Board within thirty days of being served a copy of the application.
2. Filing Proof of Service with the Board.

Upon completion of these requirements, you will be notified of the effective date of filing and the date and details of the public hearing.
