Re: *In the Matter of the Application of Ohio Power Company for an Increase in Electric Distribution Rates*, Case Nos. 20-585-EL-AIR *et al.*, Joint Stipulation and Recommendation.

Dear Secretary Troupe:

Greenlots, a party of record in the above-captioned proceedings, is filing this letter to notify the Commission that Greenlots does not object to the Joint Stipulation and Recommendation (“Stipulation”) filed by Ohio Power Company (“AEP Ohio” or “the Company”) and other signatory parties on March 12, 2021.

Greenlots sought to intervene in these consolidated dockets because Greenlots is committed to accelerating transportation electrification in Ohio, and firmly believes AEP Ohio and the state’s other electric utilities are critically important to achieve that transition at scale. Greenlots notes that in the Stipulation, the Company importantly agrees to withdraw the Transportation Electrification program (“EV Program”) “without prejudice” and further “reserves the right to advance any proposal related to...electrification/EV, or similar projects in a future proceeding.”¹ This qualification is the reason Greenlots does not object to the Stipulation as filed. Greenlots reserves all other rights it has as an intervenor, including the right to support or oppose any future stipulations which may be filed in this proceeding.

Respectfully submitted,

/s/ Madeline Fleisher
