Dear Ms. Troupe:

On March 18, 2021, Hecate Energy Highland 4, LLC ("Hecate Energy") was issued a certificate of environmental compatibility and public need ("Certificate") by the Ohio Power Siting Board ("Board") to construct a 100 MW solar-powered electric generating facility in Clay and Whiteoak Townships, Highland County, Ohio. The Certificate was issued subject to twenty three (23) conditions.

At this time, Hecate Energy is confirming that the pre-construction conference relative to tree-clearing activity contemplated by Condition #2 was held earlier. In addition, Board staff has concurred in the use of Terracon as the environmental specialist contemplated by Condition #18.

With this filing, Hecate Energy will have complied with Conditions #2 and #18 of the Certificate. If you have questions or need additional information, please do not hesitate to call.

Very truly yours,

Karen A. Winters
