Letter of Notification
Highland-Magellan No. 2 138 kV Transmission Line Project
Case No. 21-0015-EL-BLN
Supplemental Information

Dear Ms. Troupe:

Please find attached a Phase I Archaeological Survey for the above-mentioned Letter of Notification application, filed on January 25, 2021.

As stated in the Letter of Notification application, consultation with the Ohio Historic Preservation Office (“OHPO”) concluded that a Phase I Archeological Survey was required for the un-surveyed portions of the proposed right of way and construction areas. This survey was conducted in March of 2021 and identified two undocumented cultural artifacts. Both were deemed not eligible for the National Register of Historic Places (“NRHP”), and no further archeological consultation is recommended prior to the construction of the Project.

If there are any questions concerning this matter, please contact me at 330-384-2526.

Sincerely,

Scott M. Humphrys
Transmission Siting Supervisor
Energy Delivery Transmission and Substation Design
FirstEnergy Service Company
