Hello, I am asking for my case to be re-opened. There are several factors that I am asking this of you, when the notice was sent it was sent to an old address in Columbus OH. I was living in Toledo OH and never got the notice. My CDL is how I support my family. That's what I do and have done for 20 plus years is drive truck. If I would have got notice I would have responded accordingly. The officer who performed the Stop advised the mark would go against the business not my personal, so I really didn't think twice about it until I went to renew my driver's license. That officer is willing to testify on my behalf as well to that. I ask you to please open this up, I need this, I have a wife and 5 children at home to support and after this year I really need to get back

on the road. I am willing to do
whatever to comply and get this taking
care of.

Thank you for your time
and the consideration on
this.
