Matt, we had a conversation about lack of HS internet access in our county. If you would please look at this Map and present this to the OPSB on my argument of fair and due process denied to those in the New Market project and all projects in Highland and as you can see Brown has the same issues. These projects need to be paused and re done with fairness. I appreciate your fairness. Sincerely
Dave Gingerich

Broadband Service Inventory

Advertised Speeds of at Least 3 Mbps Downstream and 768 Kbps Upstream

Highland County Ohio

Published May 26, 2017

Submit questions or recommended changes to: maps@connectohio.org

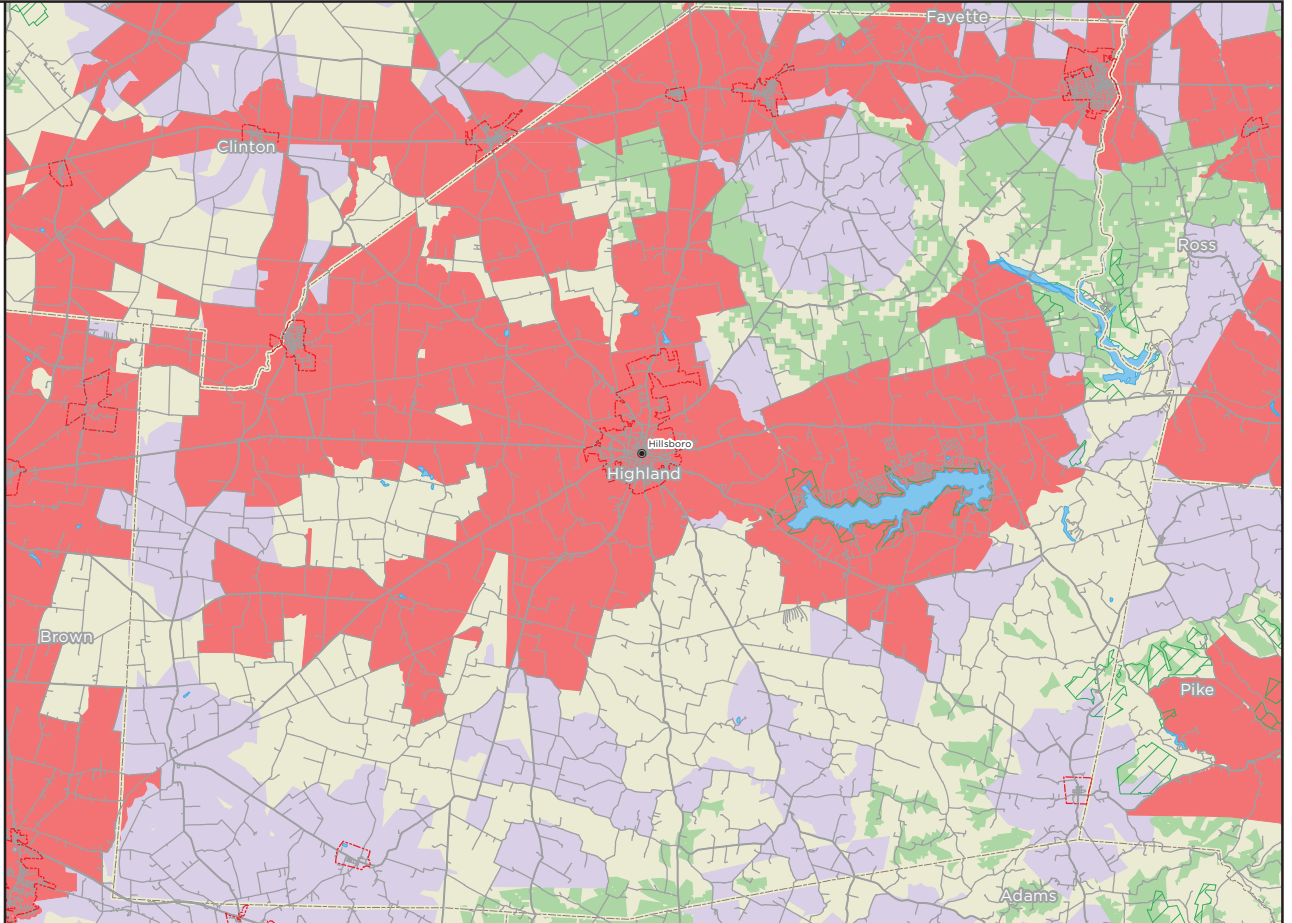

This map represents areas of broadband service availability determined by ongoing, in-depth technical analysis of provider networks and accommodations for the impact of external factors on service quality. Mobile and satellite broadband services may also be available.

Symbology

In areas where multiple broadband providers offer service, this platform composite map stacks coverage display layers in the order presented below.

- City
- Interstate
- US Road
- Local Road
- - - Municipal Boundary
- - - County Boundary
- Water
- National Lands
- Fiber Broadband Available
- Cable Broadband Available
- DSL Broadband Available
- Fixed Wireless Broadband Available
- Unserviced Areas
