RE: Letter of Notification
Wapakoneta Area Improvements Project
Filed as West Moulton-Gemini 138-kV Transmission Line Project
Case No. 21-0167-EL-BLN

Dear Neighbor,

You are receiving this letter because public records show you own property or live near a proposed power line project. AEP Ohio representatives announced the Wapakoneta Area Improvements Project in 2018. The project involves building approximately 15 miles of 138-kilovolt (kV) transmission line, building two substations and expanding a substation.

We have selected a proposed power line route on the western section of the project between the new Gemini Substation off Short Road and West Moulton Substation off Townline Kossuth Road. Company representatives determined the power line route following community open houses that took place in 2018 and 2020 to provide the public with detailed information about the project and an opportunity to comment.

We have filed a Letter of Notification for this western section of the project with the Ohio Power Siting Board (OPSB) as the West Moulton-Gemini 138-kV Transmission Line Project, Case No. 21-0167-EL-BLN. This section of the project involves building about 10 miles of 138-kV transmission line in Auglaize County. We're coordinating with the city of Wapakoneta and its electric department. Plans include beginning construction in July and concluding in late 2022. The new power line supports increasing electricity demand and supports customers, including the city of Saint Marys, who receive service from the West Moulton Substation.

Please see Page 3 of this document for key regulatory information associated with this project.

You may provide comments by:

- Calling Joe Demaree at (380) 205-5046.
- Sending an email to jkdemaree@aep.com.
- Sending your comments directly to the OPSB at 180 East Broad Street, Columbus, Ohio, 43215-3793. You may also contact the OPSB at (866) 270-6772 or contactopsb@puc.state.oh.us. (Note: You can file petitions to intervene in the OPSB process to the siting board up to 10 days following the public notice announcing the project).

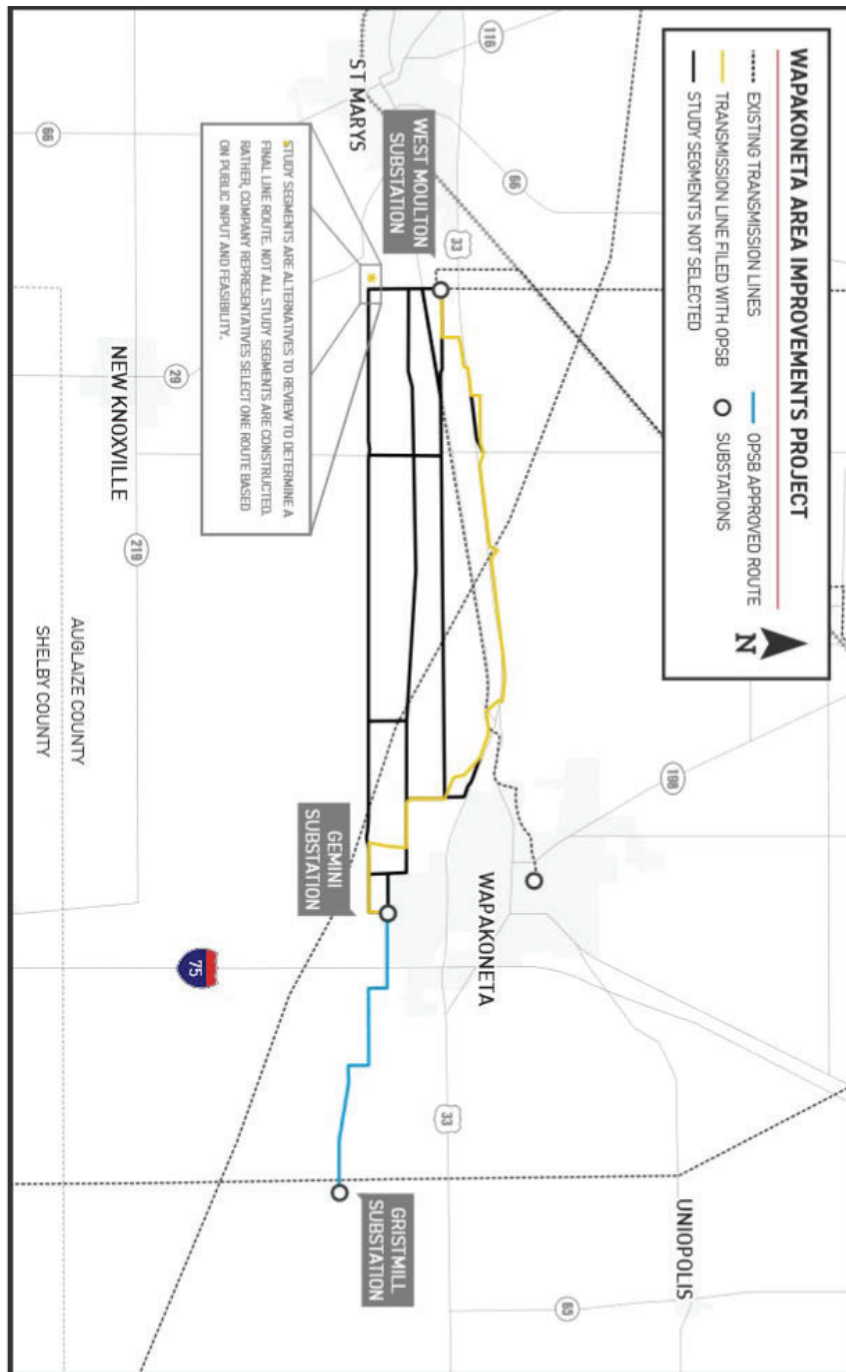

The following map shows the project area. Please use this map only as a general guide due to its reduced scale and limited detail.

Feel free to contact me and I would be happy to answer any questions about this project.

Sincerely,

RE: Letter of Notification
Wapakoneta Area Improvements Project
Filed as West Moulton-Gemini 138-kV Transmission Line Project
Case No. 21-0167-EL-BLN

Dear «ADDRESSEE»:

You are receiving this letter because we wanted to update you about a proposed transmission project in your area. AEP Ohio representatives announced the Wapakoneta Area Improvements Project in 2018. The project involves building approximately 15 miles of 138-kilovolt (kV) transmission line, building two substations and expanding a substation.

We have selected a proposed power line route on the western section of the project between the new Gemini Substation off Short Road and West Moulton Substation off Townline Kossuth Road. Company representatives determined the power line route following community open houses that took place in 2018 and 2020 to provide the public with detailed information about the project and an opportunity to comment.

We have filed a Letter of Notification for this western section of the project with the Ohio Power Siting Board (OPSB) as the West Moulton-Gemini 138-kV Transmission Line Project, Public Utilities Commission of Ohio Case No. 21-0167-EL-BLN. This section of the project involves building about 10 miles of 138-kV transmission line in Auglaize County. We're coordinating with the city of Wapakoneta and its electric department. Plans include beginning construction in July and concluding in late 2022. The new power line supports increasing electricity demand and supports customers, including the city of Saint Marys, who receive service from the West Moulton Substation.

Please see the attached Letter of Notification, which we must submit to the OPSB when we make certain changes to our transmission facilities. The submission complies with Rule 4906-6-01, et. seq., of the Ohio Administrative Code.

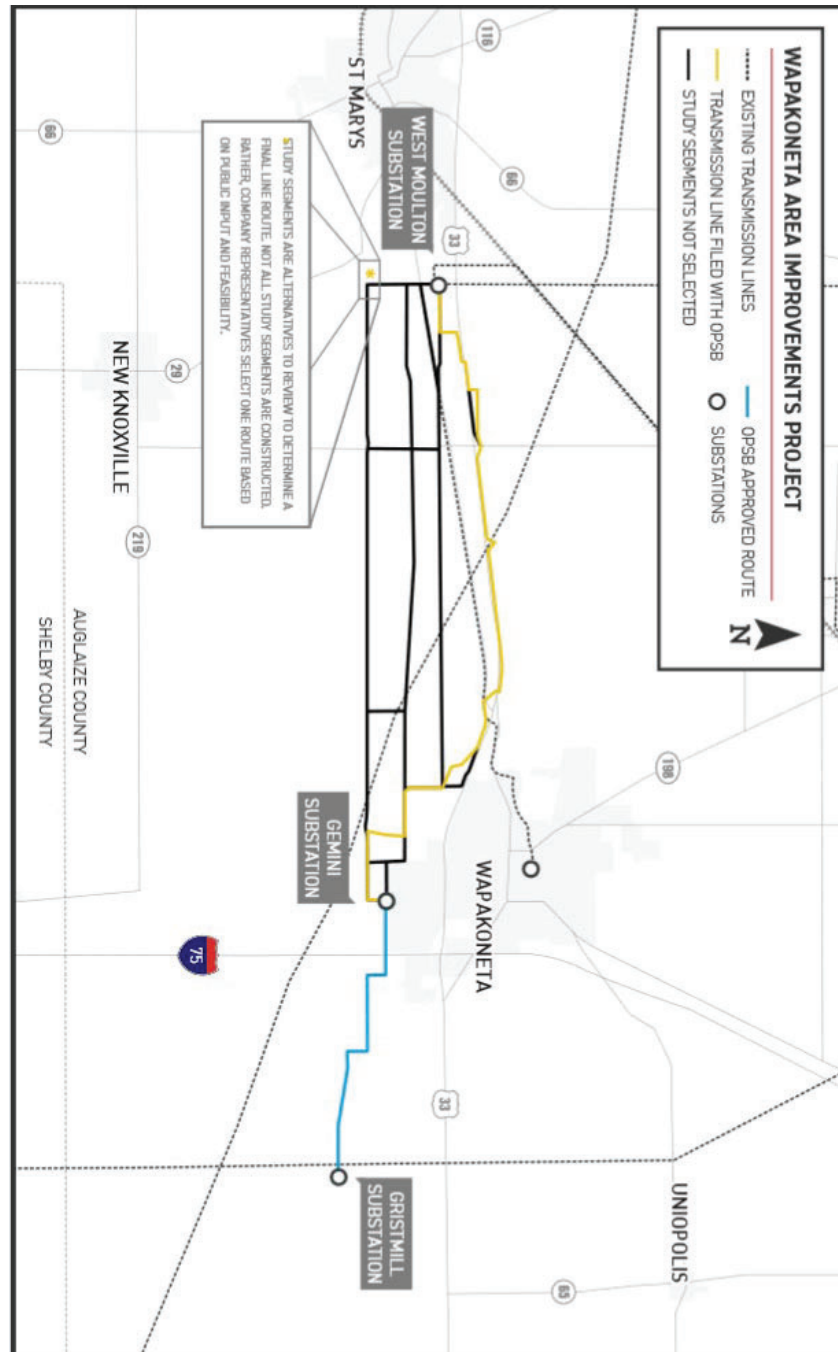

The Letter of Notification to construct, operate and maintain this facility awaits review by the OPSB. Please make this Letter of Notification available to the public. We are also communicating with landowners in the project area.

Please contact me at (380) 205-5046 or jkdemaree@aep.com if you would like an electronic copy of the Letter of Notification or if you have any questions about this project.
