20-1680-EL-BGN

X

my name is Janet Collins 4461 Black
RD Lynchburg OH 45142. Want
to let you know I have lived here
all my life. Raised kids, now my
grandkids. My father gave us land
when we got married so 5 of their
kids would be close to them. Love
my home. Would hate to see it get
destroyed by solar panels coming
here. The Yellow wood project is
going to change our neighborhood
Project 20-1680-EL-BGN needs
to be on S.B. 52. We all need
to vote on this, and have a say.
It will ruin our wells when they
leak plus the high powered
ACID Wash to clean them.
This is not healthy. Don't want
my family or friends, neighbors
be sick when it all gets contaminator
We bath, drink, water our gardens
give this water to our livestock.

Talked to Bill Lohner 3 years ago.
Told it is made made. It will
leak. Said Remember Fernald &
Chernobyl power plants, that they were
not to happen but it did. Now,
wild life, read it harms, anything
that lands on these hot panels, burns
their feet or wings. How sad for them
The deer will be on roads & more
accidents will happen. The hunters
will have little to get because no
land will be their. Plus not sure if they
will be healthy by being around the panels.
Now my property value will plummet
People have put their houses for
sale - once they find out the panels
are coming they back out. Not good
I love my house & neighborhood. I'm
not sleeping from worrying about our
health. I'm really, really scared what
is going to happen here. I heard
from the Butord people how they
were treated by the workers & the
ones running that project.

The stores were filled with mud
dirt, grime when they went into
those. The roads were caked with
mud. I have a nice car, truck, so I
will be making a call to the county
to clean my roads ~~EVERY~~ Day.

So please help us here. more people
than not do not want this here.

May it dont even ben. dit us but
we pay the price (all bad stuff.)

For a the rest of our lives, IF
the land fill dont want them then
I dont want them either. I find
this so stressful worrying about
this day & night. Please do your
jobs & help us out. This is not a
win, win situation for anybody.

Please help stop all
of these projects.

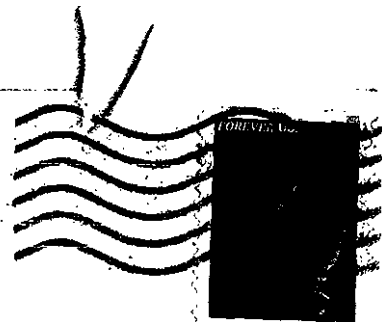

Sincerely
Janet Allen
