I am filing a complaint against all involved parties with the Border Basin Solar Farm project. This project will affect my entire property as it will be incased on all sides. We are also concerned with the destruction of natural green such as creek lines and wooded areas to ensure the solar panels are not harmed. Our land value will go down significantly which will make selling it for what it is actually worth impossible. This is a gross misuse of agriculturally zoned areas.

I'm filing a formal complaint about the proposed solar farm in Cass township in Arcadia, Ohio. These proposed farms will be less than 50yrd from my backdoor, and destroying our beautiful farmland.
