Subject: Clinton county yellow wood case KCD-2282-01-BGN

Hi my name is Margie Elam. My husband Steven Elam and I reside at 2445 Oak Grove rd, Lynchburg Ohio 45402. We have lived here since 1982. We have made many sacrifices to live in this home. It was an old farm house which we finished restoring 3 months before we were told that we were going to be surrounded by water.

My husband drove west at hour we was to work for 8 days so that we could live and raise our children in this area. This is where we have been gathering for friends and most of all family. This is where we have felt safe.

Have the right to challenge on my neighbors rights to use his land. But they have no right to challenge our own either. We will be surrounded on all 4 sides with water. We are probably not going to stop this project but if we can't we would request that some protection be put in place for home owners. We can not believe this is happening to our small community or to us it is so far off here. This is our way now as you can see we will be entirely surrounded.
