I believe the birch solar 1 project is wrong for my community and Allen county. I am against the birch solar 1 development and ask that you deny their application. The project is an atrocity to the community and ecosystem. Regulations are not up to par on large scale projects/complexes like these especially when they are being scattered all over an established township. There are more responsible locations for these developments to be placed. Please deny their application.

Sincerely,

Brandon Biss

I live in the Shawnee Area and just wanted to reach out and let you know I oppose the Birch Solar Industrial Project. Hopefully you deny there permit.

Thank you for your time,
Shane

Subject: In Support of Birch Solar Farm, Case No: 20-1605-EL-BGN

I am writing to express my support for the Birch solar project's application with the Ohio Power Siting Board. [Insert your reasons for supporting the project here. A few things you might mention – protecting local farmers' property rights and livelihoods; providing clean energy for Ohio; strengthening the local economy with increased annual revenue; attracting major business to our area; Lightsource bp's commitment to listening and working with community members. Whatever's important to you.] [Sign your note at the bottom, and make sure to mention which town or county you live in.]
