PUCO

Good afternoon.

I have concerns and am against the installation of the solar panel arrays in Cass Township. I live near the corner of County Road 109 and County Road 18. This intersection is very dangerous and has multiple accidents every year. Each year there is at least one fatal accident as well. The solar panels will add another level of distraction to an already dangerous intersection. Lives matter. Please do not add this visual distraction to our township. Please add my comments to the case file.

Thank you,

Jennifer Schroeder
