

Mike Dewine,

My name is Regina Ashford my husband is Jimmie.

We live and own a home at 9221 Dade Road, Lynchburg, Ohio.

We both are in our 70's. We built our home in 2004 on 5 acres.

Our dream home, we worked hard to do this after raising 5 children and looking forward to our retirement home. Our forever home.

A company called Innerex is trying to buy hundreds of acres to build Solar Panels, right up to our back door. Actually if they get away with this, the panels will be in front, behind and beside our home. Our property value will be useless. At our age we could never recover from this loss. We could never sell our house. Not having the resources to rebuild and move somewhere else. We can't know the health issues caused from being in the middle of all those thousands of panels. I don't know if you will ever see this letter.

I pray you do.

Regards
Regina Ashford
