My name is Jeff Overmyer

Township Rd 238, Findlay, OH 45840 and I found out they would like to put a sub station and solar field pretty much in my front yard .I have worked really hard to have a nice home for my family where i can sit on the front porch and watch the dear play in the very field they want solar panels. This will devalue my property, increase traffic along with creating environmental issues from farmer not having farm land for his cow manure to be spread on.. The project will lower the quality of life for my family. and cause more harm than benefits .The profits of the few shouldn't harm the many. Jeff Overmyer
