Subject: Solar Farms

We are trying to preserve our beloved and beautiful Clinton/ Highland counties as a safe, productive, non-toxic community. Attached our reasons we believe Solar is not a wise option. Please consider these views. CASE # 20-1680-EL-BGN

Subject: 20-1680-EL-BGN: Yellow Wood Solar

Members of the Ohio Power Siting Board,

I believe the Yellowwood project will benefit our community both environmentally and economically. I believe we need to move forward from toxic non-renewable energy that threatens our ecosystem to clean renewable energy sources, such as solar.

This project, if approved, would bring an investment of \$4.5 million annually into Clinton County. These funds would support local education, emergency and veteran services and environmental stewardship.

Thank you for your time and consideration in this matter.

Sincerely,
Deborah Howard
