

THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE APPLICATION OF
BLUEGRASS RIDGE WIND FOR
CERTIFICATION AS AN ELIGIBLE OHIO
RENEWABLE ENERGY RESOURCE
GENERATING FACILITY.

CASE NO. 21-289-EL-REN

ENTRY

Entered in the Journal on July 28, 2021

I. SUMMARY

{¶ 1} The Commission grants the applicant's request to dismiss the case following the withdrawal of the application.

II. DISCUSSION

{¶ 2} R.C. 4928.64 and 4928.645 contain the renewable energy resource requirements for electric utility and electric services companies providing electric retail generation in Ohio. R.C. 4928.01(A)(37) defines the types of renewable energy resource generating facilities that qualify in meeting the statutory mandates. Pursuant to Ohio Adm.Code 4901:1-40-04(F), any entity that desires to be designated an eligible renewable energy resource generating facility for the state of Ohio shall file an application for certification that demonstrates the facility satisfies the requirements of R.C. 4928.64 and 4928.645.

{¶ 3} On March 30, 2021, Exelon Renewables Partners, LLC (Applicant) filed an application for certification of the Bluegrass Ridge Wind facility, a 57 megawatt facility comprised of 27 wind turbines, located in Gentry County, Missouri, as an eligible Ohio renewable energy resource generating facility, as defined in R.C. 4928.01.

{¶ 4} Ohio Adm.Code 4901:1-40-04(D)(2) provides for automatic approval of an application for certification as an eligible Ohio renewable energy resource generating facility unless the Commission suspends the application within 30 days. This application was

suspended by attorney examiner Entry on April 5, 2021, to allow Staff additional time to review the application and obtain additional information from Applicant.

{¶ 5} On April 26, 2021, Carbon Solutions Group, LLC filed a motion for leave to intervene out of time, motion to consolidate, and motion to establish a memorandum in support of a procedural schedule in the case.

{¶ 6} On June 16, 2021, the attorney examiner scheduled by Entry a prehearing conference in the case to address the coming procedural steps in the case.

{¶ 7} On July 16, 2021, the Applicant filed a notice of withdrawal of the application and a request that the case be dismissed, in accordance with Ohio Adm.Code 4901:1-40-04(D)(5).

{¶ 8} The Commission finds that the request by the Applicant to withdraw its application for a renewable energy resource generating facility is reasonable and should be granted. Accordingly, this case should be dismissed and closed of record.

III. ORDER

{¶ 9} It is, therefore,

{¶ 10} ORDERED, That Applicant's request to withdraw its application and dismiss the case be granted, and that Case No. 21-289-EL-REN be dismissed and closed of record. It is, further,

{¶ 11} ORDERED, That a copy of this Entry be served upon all parties of record.

COMMISSIONERS:

Approving:
