These expenses are collected over the program’s 4-year life and expires on April 28, 2022 expect for any remaining true-ups and corrections that remain after the sunset period.

10. The Company submits its seventh quarterly SCR filing to collect unrecovered program balance as of June 30, 2021. The *ESP IV* decision requires quarterly filings with automatic approval 30 days after the filing unless otherwise determined by the Commission.
