Subject: Cass Township Solar Farm

To whom it concerns:

My husband and I would like to inform you of our opposition to this Solar Farm. Our Township is zoned. The property is designated as agriculture. Agriculture is for farming crops or raising animals.

Anyone can call this a Solar Farm but common sense tells us that Solar is not really defined as a Farm. We need acres to feed this country. So much farmland is sold to other entities and soon we will be without

crops for food. What do we do then? I hope not to depend on other countries for food ! Please do research on this project and think of Cass Township land owners near this site. Thank you for your time.

Michael and Regina Wiechart
