

Ohio Power Siting Board
Re: Case Number 20-1757-EL-BGN
Union Ridge Solar

August 8, 2021

Dear Ohio Power Siting Board,

I am writing to submit my support for the Union Ridge Solar project in Licking County.

One of the many reasons I support this important project is because I have already seen the positive impact Union Ridge has on the local community.

I am the President for the Board of Directors for Beechwood Trails Park and Pool, a local pool that plays an important social and community role in Pataskala, Ohio, located in Licking County. As a board member I have worked with the Union Ridge project team which partnered with us to help contribute to make vital pool improvements. With this contribution we were able to install steps into the pool becoming ADA compliant and allowing safer access for elderly and children.

I believe true community partnership works like this – it is collaborative and supportive. It is my hope that Union Ridge Solar is able to construct this project and continue to provide thoughtful and cooperative support for our community for years to come.

Thank you for your consideration,

Ashley Campbell
Beechwood Trails Park & Pool
