**REPUBLIC WIND, LLC’S SUPPLEMENTAL MEMORANDUM CONTRA
LOCAL RESIDENTS’ APPLICATION FOR REHEARING
AND
REQUEST FOR WAIVER**

I. INTRODUCTION

On July 26, 2021, Republic Wind, LLC (“Republic”) and Local Residents each filed a separate application for rehearing of the Ohio Power Siting Board’s (“Board” or “OPSB”) Opinion, Order and Certificate issued June 24, 2021, pursuant to Ohio Revised Code Section (“R.C.”) 4903.10 and Ohio Administrative Code (“O.A.C.”) 4906-2-32(A). Local Residents attached and incorporated their prior briefs into their application for hearing, effectively re-arguing the positions advanced in their Post-Hearing Reply Brief filed January 13, 2020. Among those positions was the suggestion that Republic did not have widespread public support for its Project.¹

The post-hearing briefing schedule did not permit Republic to respond to the unfounded assertions Local Residents made in their reply brief. And the administrative rule requiring that responses to applications for rehearing be filed within 10 days did not permit Republic adequate time to prepare a full response in its memorandum contra Local Residents’ application. For

these reasons, as more fully explained below, Republic requests that the Board waive the 10-day time limit in O.A.C. 4906-2-32(B) for filing its memoranda contra Local Residents' Application for Rehearing. See O.A.C. 4906-2-01(B). Republic further requests that the Board accept this limited Supplemental Application for Rehearing to provide the Board a full and accurate count of the public commenters supporting (and opposing) the Project. Local Residents will not be prejudiced by granting this request.

Upon rehearing, the Board should find that Republic met all of the criteria of R.C. 4906.10(A) and issue Republic a certificate in this proceeding.

II. ARGUMENT

A. Contrary to Local Residents' assertion, the public supports Republic's Project as evidenced by the majority of comments in favor of it.

At hearing, Republic witness Carr testified that most of the individuals who filed comments in this proceeding indicated that they supported the Project.² In their Application for Rehearing, Local Residents suggest that the Project did not have widespread public support.³

The public comments filed with the Board clearly refute the Local Residents' baseless claim. Attachments A and B to this memo contra are maps that demonstrate where the commenters reside in proximity to the Project boundary.⁴ Attachment C is an Excel spreadsheet which lists the public commenters, their address, whether they oppose or support the Project, and the commenters' proximity to the Project boundary. The public comments show that the majority of commenters who reside within and near the Project area support the Project. The

³ See Local Residents' Post-Hearing Brief filed January 13, 2020, at 1-3; attached to Local Residents' Application for Rehearing (attachment unnumbered),

⁴ Attachment A is a map of Seneca and Sandusky counties. Attachment B is a statewide map. Individuals who filed multiple comments are reflected as a single commenter. Republic attempted to remove all duplicate names. In addition, comments that were submitted without names were removed and not included in the map.

following is summary of the comments and proximity of the commenters inside and within five miles of the Project area:

<u>Location of commenters</u>	<u>Number of supporting and opposing commenters</u>
Commenters within the Project boundary	15 commenters in support
	14 commenters in opposition
Commenters within the Project boundary and ½ mile outside	26 commenters in support
	23 commenters in opposition
Commenters within the Project boundary and 1 mile outside	32 commenters in support
	24 commenters in opposition
Commenters within the Project boundary and 3 miles outside	65 commenters in support
	50 commenters in opposition
Commenters within the Project boundary and 5 miles outside	88 commenters in support
	55 commenters in opposition

As this summary of the public comments demonstrates, Local Residents’ suggestion that the majority of the public commenters opposed the Project is simply untrue. The public comments show that most of the people who live within the Project area or in close proximity to Project area support it. The Board should reject the Local Residents’ attempt to mischaracterize and misuse the support articulated by commenters in this proceeding.

B. The Board should waive the 10-day filing requirement in O.A.C. 4906-2-32(B) for good cause. O.A.C. 4906-2-01(B).

The post-hearing briefing schedule in this proceeding ended with the filing of reply briefs on January 13, 2020. Thus, Republic had no procedural vehicle to address Local Residents’ unfounded assertion that Republic’s Project did not have widespread public support. Local

Residents raised this issue again in its Application for Rehearing filed July 26, 2021. However, the 10-day limit for filing memoranda contra applications for rehearing⁵ was insufficient to complete the obvious, extensive amount of work needed to create Attachments A, B, and C. Because the attachments provide a full, fair, and accurate count of individuals who commented in favor of (and against) the Project, it is in the public interest for the Board to consider the attachments. Accordingly, Republic requests that the Board waive the 10-day requirement of O.A.C. 4906-2-32(B) under the authority provided by O.A.C. 4906-2-01(B), and accept as timely filed Republic's Supplemental Memorandum Contra Local Residents' Application for Rehearing.

Local Residents' are not prejudiced by accepting this supplement memorandum contra as timely filed. The memorandum contra an application for rehearing is the final pleading before the Board renders its rehearing determination. No further responsive pleading are permitted. Whether Republic filed the supplemental attachments as a part of its August 5, 2021 Memorandum Contra (if it had sufficient time to gather the information)—or now—does not harm Local Residents.

III. CONCLUSION

Republic respectfully requests that the Board accept this Supplemental Memorandum Contra as timely filed. Based upon the existing evidence of record and upon a rehearing of this application, the Board should find that Republic has met the applicable burden of proof to satisfy R.C. 4906.10(A) and issue a certificate.

⁵ O.A.C. 4906-2-32(B).

Respectfully submitted on behalf of
