Re: *The East Ohio Gas Company d/b/a Dominion Energy Ohio*, Case No. 21-119-GA-UNC

Dear Ms. McNeal:

The East Ohio Gas Company d/b/a Dominion Energy Ohio (DEO) hereby formally files revised tariffs attached hereto consistent with the Commission's February 10, 2021 Finding and Order in the above-captioned proceeding. The tariff revisions update certain dates and the docket number for this proceeding. Please note that DEO's tariff sheets, prior to April 1, 2021, already reflected a retail price adjustment (RPA) of \$0.15 per thousand cubic feet (Mcf), which was the same RPA approved by the Commission in its February 10, 2021 Finding and Order.

Please update accordingly the Commission's copy of DEO's tariffs. Please note that a copy of this correspondence will be filed electronically in the above-captioned docket and also in Case No. 89-8006-GA-TRF. Please do not hesitate to contact me with any questions.

Respectfully submitted,

/s/ Christopher T. Kennedy
*Counsel for The East Ohio Gas Company d/b/a
Dominion Energy Ohio*

Standard Choice Offer Commodity Service

1. Description

Standard Choice Offer (“SCO”) commodity service is provided by competitive retail natural gas (“CRNG”) suppliers participating in Dominion Energy Ohio’s (“East Ohio”) Energy Choice program pursuant to the June 18, 2008 Opinion and Order issued by the Public Utilities Commission of Ohio (“PUCO”) in Case No. 07-1224-GA-EXM and the February 26, 2020 Opinion and Order issued by the PUCO in Case No. 18-1419-GA-EXM. SCO commodity service is rendered in conjunction with East Ohio’s Energy Choice Transportation Service – Residential (“ECTS-R”), Energy Choice Transportation Service – Nonresidential (“ECTS-NR”), and Large Volume Energy Choice Transportation Service (“LVECTS”) rate schedules.

2. Price

The price for SCO commodity service equals the New York Mercantile Exchange (“NYMEX”) settlement price for the prompt month natural gas contract on the final day of trading for each month plus a Retail Price Adjustment of \$0.15 per Mcf as approved by the February 10, 2021 Finding and Order issued by the PUCO in Case No. 21-0119-GA-UNC. The amount billed for SCO commodity service will also include the applicable Ohio sales and use tax for those Customers not exempted from the payment of that tax.

3. Applicability

Provided they are eligible to receive service under the ECTS-R rate schedule or under the ECTS-NR or LVECTS rate schedule if annual consumption is less than or equal to 200 Mcf as determined by East Ohio, SCO commodity service will be provided to the following Customers:

- a) Customers assigned to a CRNG supplier in accordance with the February 9, 2021 auction conducted to establish SCO pricing and to determine suppliers for those Choice-eligible Customers receiving Standard Service Offer (“SSO”) or SCO commodity service as of the March 2021 billing period.
- b) New Customers assigned to a CRNG supplier after having received SSO service for up to two consecutive billing periods. Such Customers include Customers (i) establishing service with East Ohio for the first time, (ii) relocating within East Ohio’s service territory and whose Energy Choice or government aggregation agreement is not portable, and (iii) restoring service more than ten days after being disconnected for non-payment.
- c) Customers assigned to a CRNG supplier after having received SSO service for up to two consecutive billing periods following termination of their opt-out governmental aggregation program.

- d) Customers assigned to a CRNG supplier after having received SSO service for up to two consecutive billing periods following termination of their Energy Choice agreement or opt-in governmental aggregation program.

Provided they are eligible to receive service under the ECTS-NR or LVECTS rate schedule, nonresidential Customers whose annual usage is greater than 200 Mcf and less than or equal to 500 Mcf as determined by East Ohio may elect to receive SCO commodity service.

Nonresidential Customers whose annual usage exceeds 500 Mcf as determined by East Ohio are not eligible to receive SCO commodity service.

4. Other Terms and Conditions

- 4.1 SCO commodity service will be billed by East Ohio in conjunction with charges for service under the ECTS-R, ECTS-NR, or LVECTS rate schedule.
- 4.2 Customers may cease receiving SCO commodity service at any time at no additional charge from East Ohio or the SCO supplier by enrolling with a CRNG supplier in accordance with standard Energy Choice enrollment provisions or participating in an opt-out governmental aggregation program.
- 4.3 Customers assigned to SCO commodity service may not select their SCO supplier. SCO commodity service shall be provided by the Customer's assigned CRNG supplier through the March 2022 billing period unless the Customer enrolls with a CRNG supplier, participates in an opt-out governmental aggregation program, or becomes ineligible to receive SCO commodity service prior to the March 2022 billing period.
- 4.4 In the event of a supplier default that would cause the aggregate annualized volume assigned to SCO suppliers to be more than 50% above the level assigned in the February 9, 2021 auction, East Ohio shall solicit volunteers from non-defaulting SCO suppliers to serve the defaulted load through the March 2022 billing period at the price established in that auction. If non-defaulting SCO suppliers agree to serve the defaulted load under those terms, East Ohio shall assign the Customers previously served by the defaulting supplier that have not already selected another CRNG supplier or enrolled in a governmental aggregation program to non-defaulting SCO suppliers in proportion to the SCO load each serves at the time of the assignment. If a proportionate assignment does not accommodate assignment of the entire load, East Ohio may utilize another basis provided assignments are made in a non-discriminatory manner approved by PUCO Staff. In the event non-defaulting SCO suppliers do not voluntarily agree to serve the entire defaulted load under the terms described in this section, East Ohio shall conduct a supplemental auction under the supervision of PUCO Staff for the volume that had been served by the defaulting supplier. East Ohio shall assign Customers as ordered by the PUCO in its decision regarding the results of the supplemental auction.
