SUBJECT: Ohio Edison Company - Rates & Tariffs

Description: Tariff Update of Rider NMB

It appear to me that members of the Ohio Energy Users Group and others enjoy avoidance of this Rider.

This avoidance was largely achieved through the efforts of Sam Randazzo. The integrity of Mr. Randazzo and FirstEnergy have come under great scrutiny.

Anything created by the former should be viewed with a jaded eye. If the avoidance was eliminated, all others could pay less. After making the avoidance deal, the rider rose dramatically in order to cover the cost of the avoidance. This seems discriminatory and unethical (not surprising given the cast of characters involved)

The avoidance is well hidden and should be readily visible to the public or eliminated. I prefer elimination due to HB 6 parties involved.

Sincerely,

Christina Cassady
