## Nature of Complaint

Re: Clear view Solar Project Ohio Power Siting Board Case No. 20-1362-EL-BGN.

The Project's hydrology report states that Indian Creek will be the main drainage site for this proposed Solar panel farm. Indian Creek, located in Adams Township, Champaign County, Ohio runs through my property in Miami Township, Logan County, Ohio, and empties into the Great Miami River. Can you investigate this? Area farmers are concerned with water quality and flooding.

An adjudicatory hearing will be held on Sept. 1, 2021, 110am, Hearing Room 11-C in offices of PUCO, 11th floor at 180 E Broad Street, Columbus, OH. Time is running out for those of us affected by this proposed project.
